***Take Me Out* honey: topless!**

Gents, meet Lucy Harrold. We likey!

A MAN on stage in front of 30 howling honeys may sound more hen night stripper than ITV dating show, but *Take Me Out* pulls it off.

This is mostly down to the smiley smorgasbord of ladies, which this year include Lucy Harrold, a 34D Tamworth lass who likes fast bikes, naughty movies and appearing in *Nuts*. If we had a light to illuminate, we'd be slapping the button like a monkey on some bongos!

LUCY AND THE LIGHTY!

The third series of *Take Me Out*, featuring lovely Lucy, begins on ITV1 on Saturday at 7.30pm!

BLAKE HARRISON (NEIL FROM THE INBETWEENERS)

Blake! Give us a resolution!
"I don't do New Year's resolutions. If you're going to do something, just do it."

AMIR KHAN

Can you tell us about your plans for 2012, Amir?
"To win my belts back and try not to fight in Washington DC again!"

ROSIE JONES

Hi Rosie! What do you want to do with yourself in 2012?
"I'm glad you asked - I want to make 2012 my sexiest year yet!"

Wow, that's music to our ears. What do you have in mind?
"Well, I don't want to spoil the surprise for you! But I can tell you it'll include some incredibly naughty photo shoots in Nuts. I'm very excited!"

Celebrities' New Year's resolutions

Promises from famous folk!

RECENT RESEARCH* has proven that while 52 per cent of people who make New Year's resolutions are confident of success, only 12 per cent actually achieve their goals - usually vague stuff like "lose weight" or "be a bit nicer". Are celebrities any different? We'll ask these folk again in June and find out...

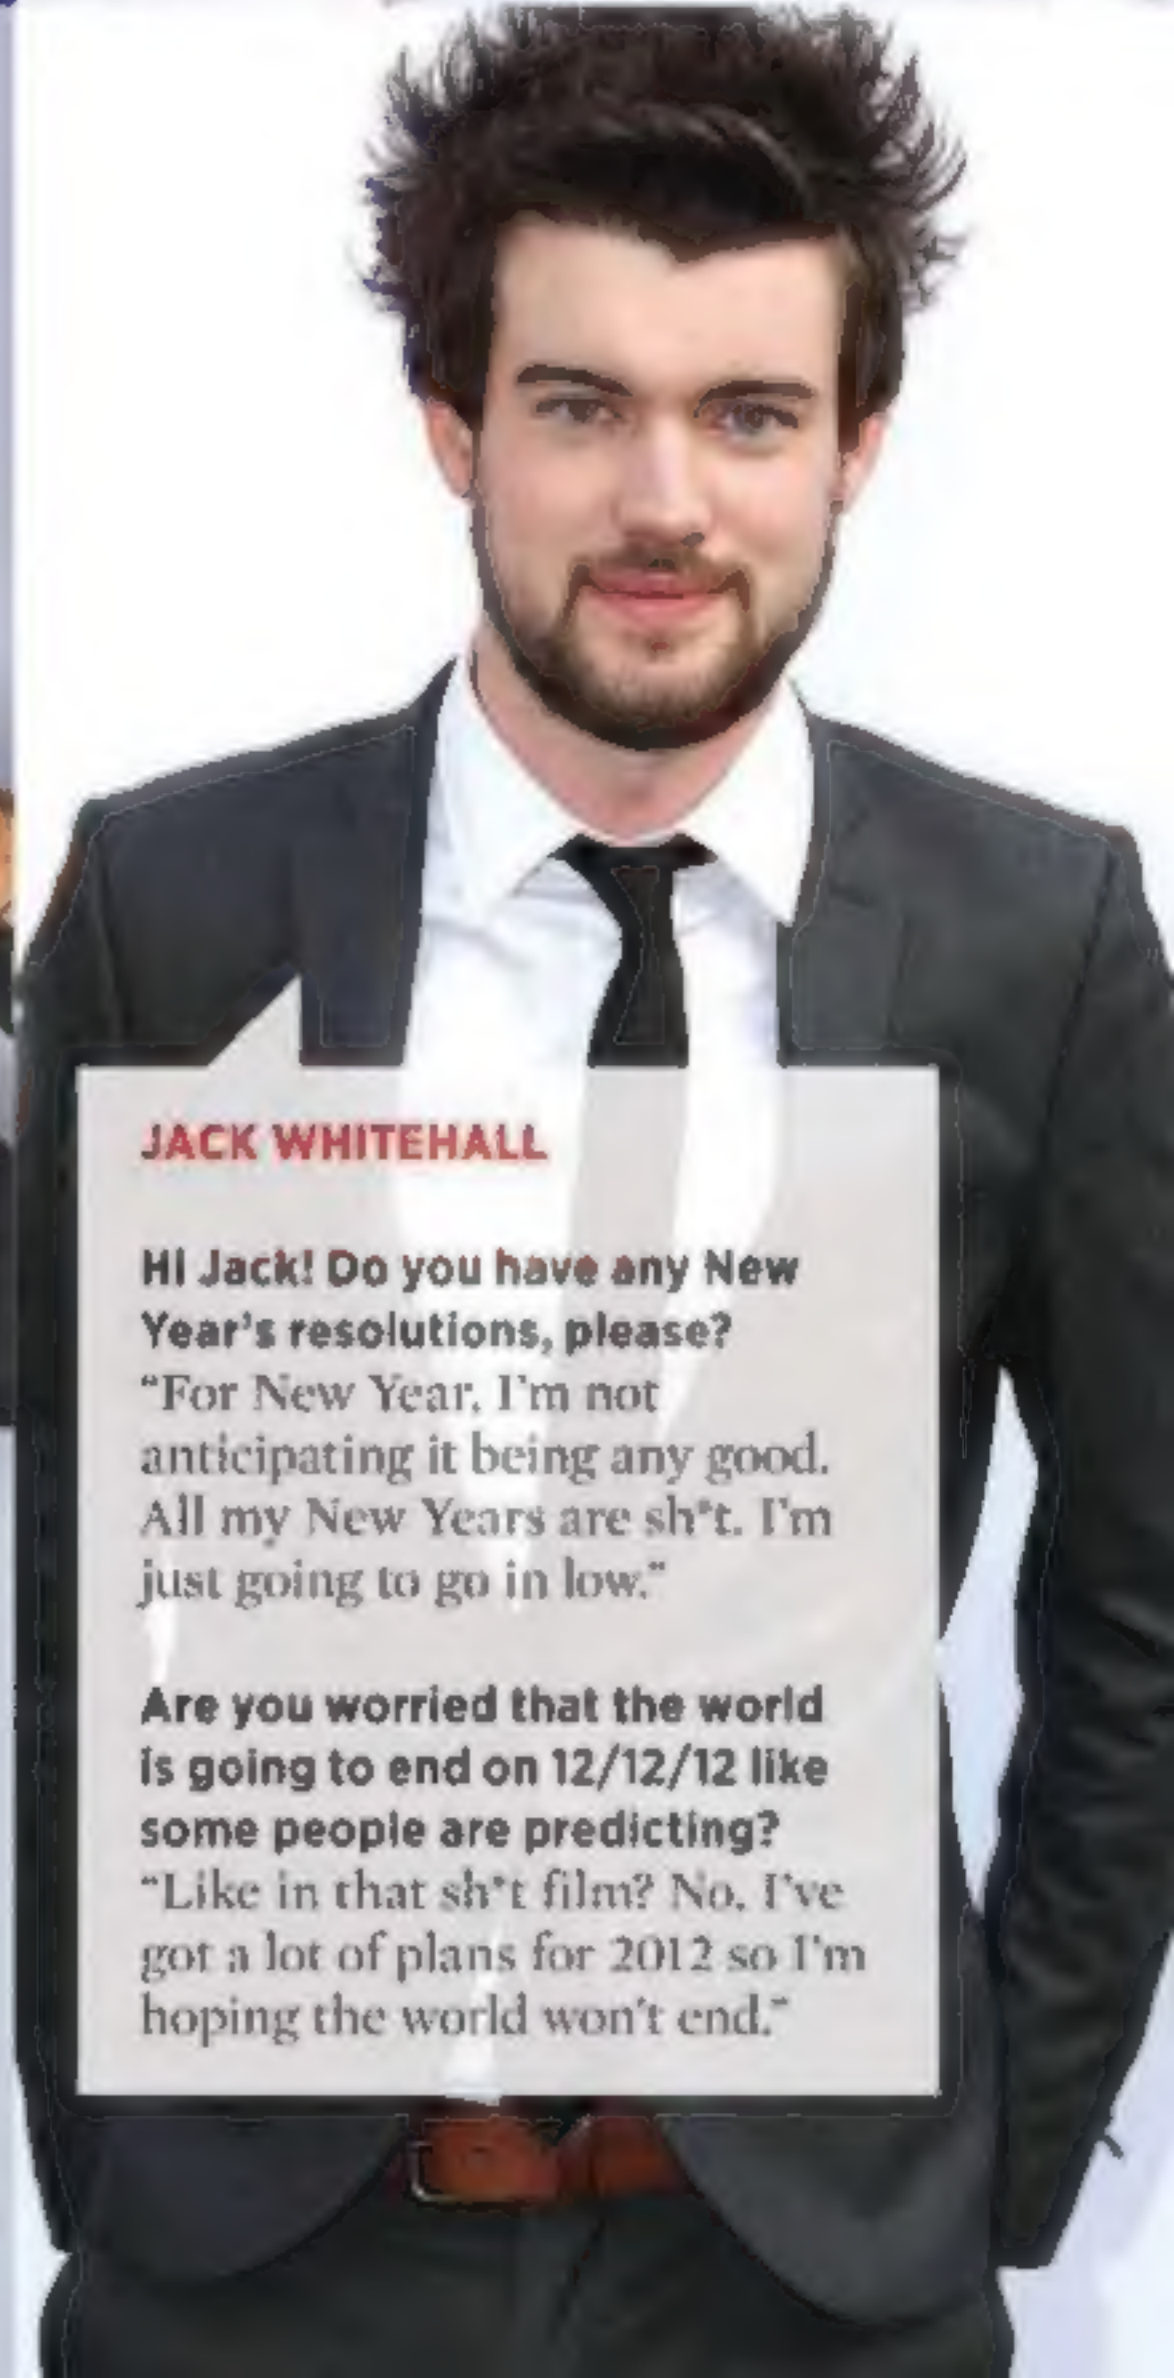

LEE EVANS

Tell us your resolution for this year, Lee!
"I want to stay home a bit more. I miss my family. I want to be at home for at least two weeks before I start going mad and want to go out the back door!"

WRETCH 32

Have you made any resolutions for this year, Wretch?
"My New Year's resolution is to cry less! I'm a Pisces, so it's a good thing that I'm emotional on my songs, but I think I need to be less emotional in real life."

JACK WHITEHALL

Hi Jack! Do you have any New Year's resolutions, please?
"For New Year, I'm not anticipating it being any good. All my New Years are sh*t. I'm just going to go in low."

Are you worried that the world is going to end on 12/12/12 like some people are predicting?
"Like in that sh*t film? No, I've got a lot of plans for 2012 so I'm hoping the world won't end."

RIZZLE KICKS

What are your plans for 2012, Rizzles?

Jordan: "I want to write a three-part trilogy, casting Rosie Huntington-Whiteley and me. We'll film it over eight years and by the end, I'll be married to Rosie Huntington-Whiteley."

Harvey: "My resolution for 2012 is to go to the optician's. My eyesight is terrible!"

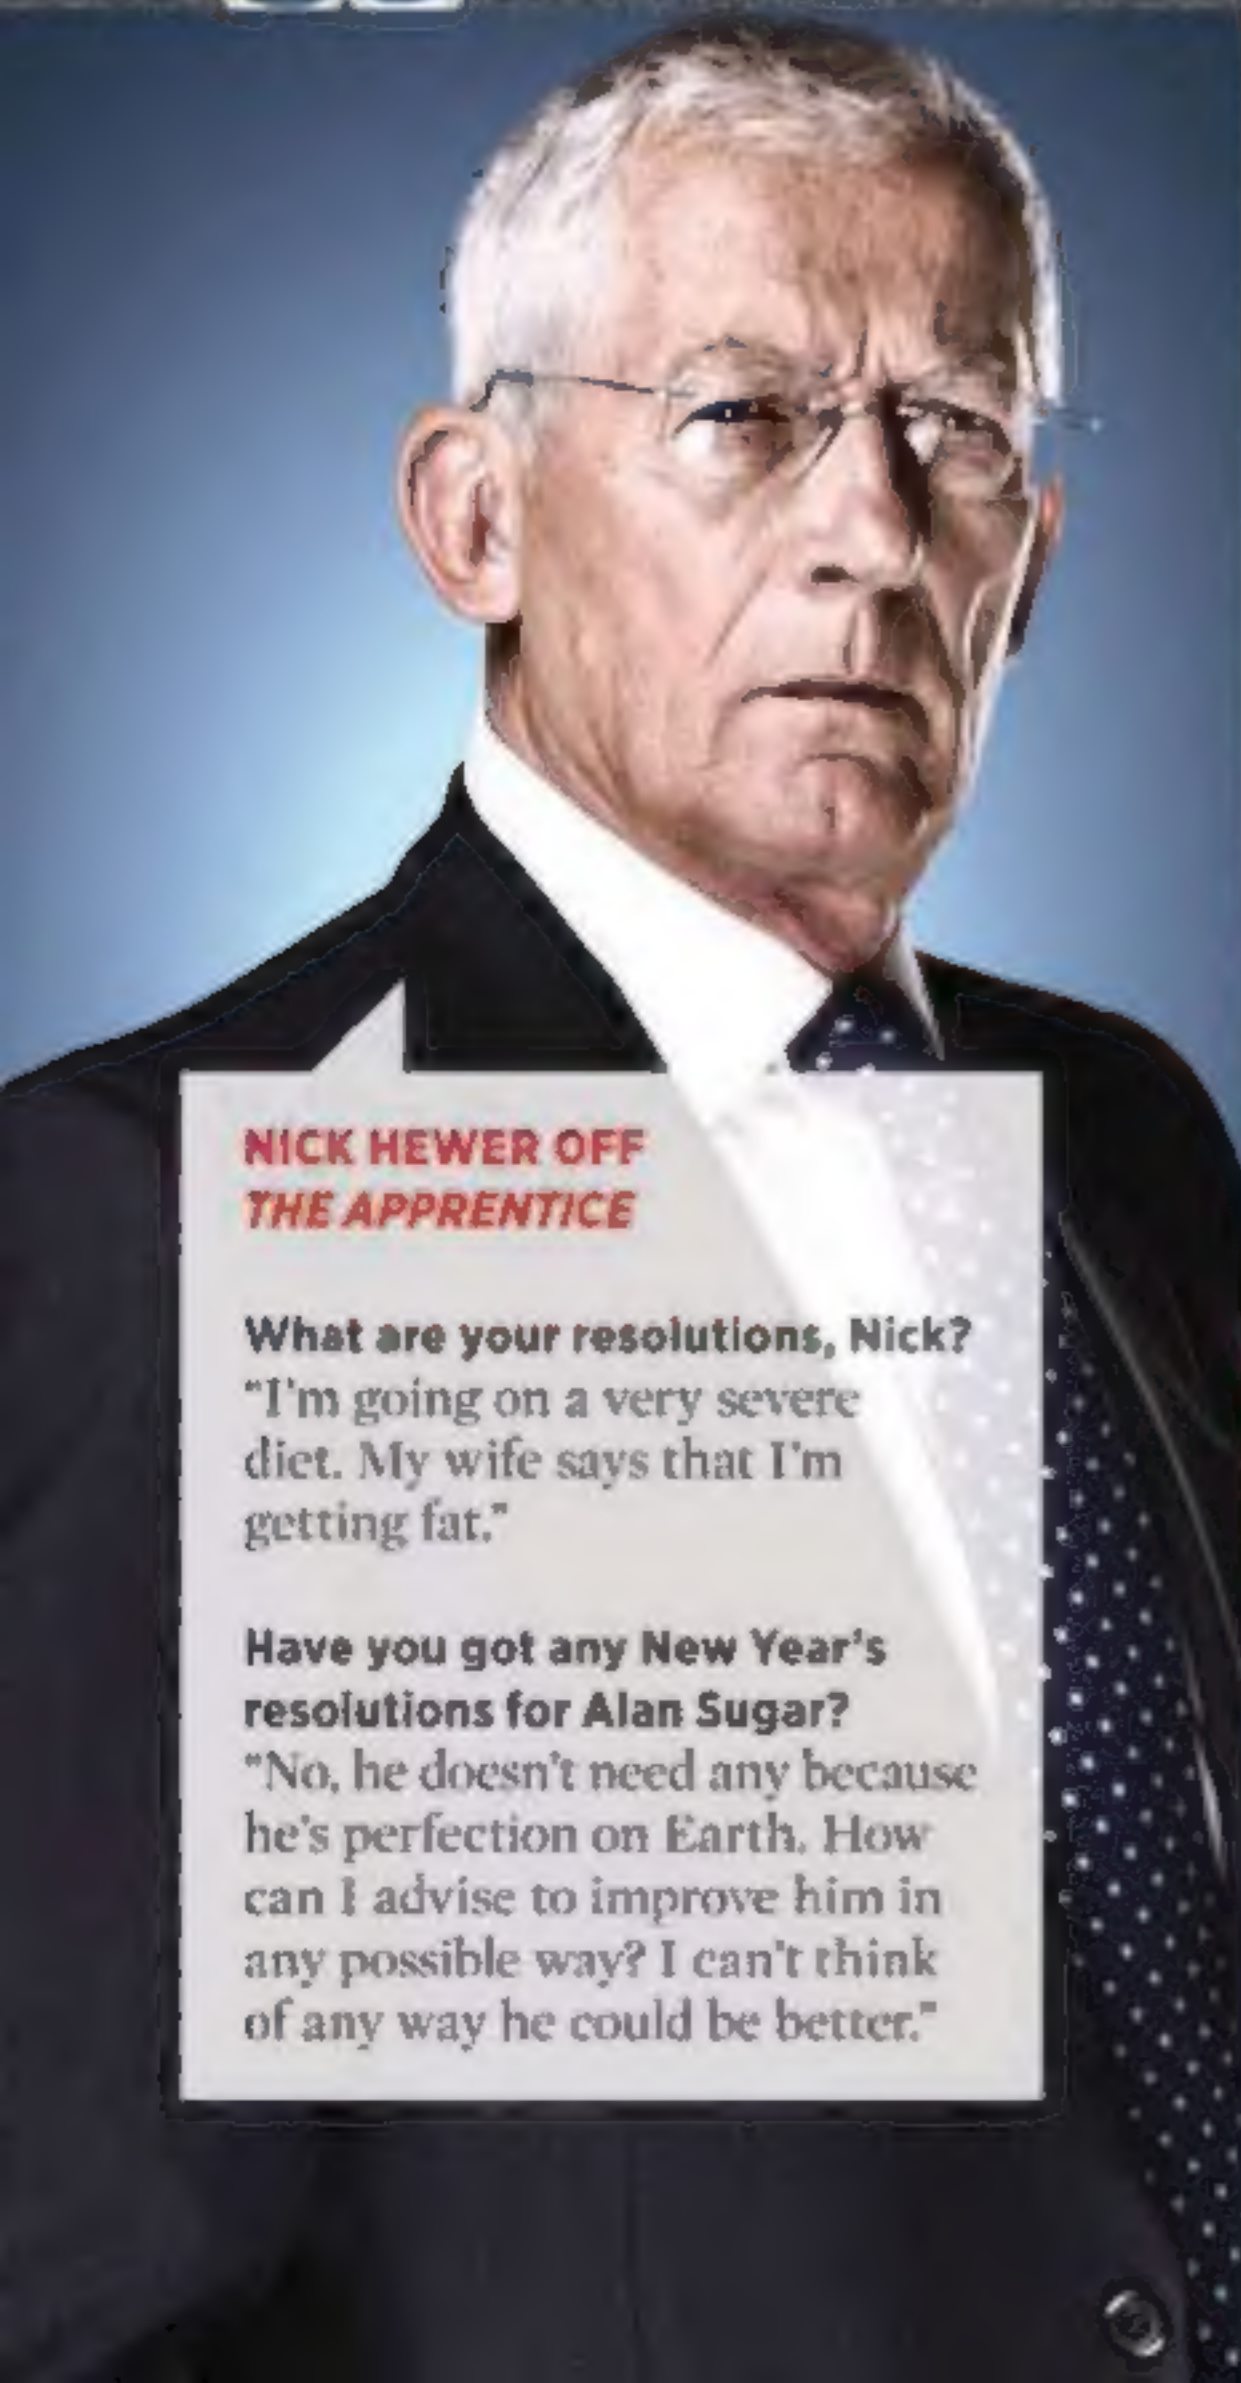

GREG DAVIES

Hi Greg! Any resolutions planned?

"I have actually. They're not very interesting. I'm just the most disorganised and negative person in the world. I'm going to stop being disorganised and stop being negative."

Good luck with that!

"It's new Greg year! Positive about everything. I'll start by saying how nice it is to see you."

NICK HEWER OFF THE APPRENTICE

What are your resolutions, Nick?

"I'm going on a very severe diet. My wife says that I'm getting fat."

Have you got any New Year's resolutions for Alan Sugar?

"No, he doesn't need any because he's perfection on Earth. How can I advise to improve him in any possible way? I can't think of any way he could be better."

LUCY PINDER

Surely you don't need to make any resolutions, Lucy? You're already perfect as you are!

"I'm going to do more travelling in 2012 and make sure I go somewhere exotic I've never been before – like Monte Carlo. I also want to get my boobs out more often than ever!"

New Year, new me!

More 2012 resolutions from some of *Nuts*' other famous friends!

KAMMY

"To see how long I can go without slagging off a ref!"

SEANN WILLIAM SCOTT

"I'll be off in the wilderness backpacking."

ANGELOS EPITHEMIU

"Don't muck about and sit down and look forward."

CHIPMUNK

"To start thinking more than I'm drinking."

Wee firefighter!

Meet Vince Brasco
– the world's
smallest fireman!

STANDING

4FT 2in,

Pennsylvania

chap Vince Brasco may be short in stature, but he's huge in ambition. As for four years the 19-year-old's been lining up with men twice his size at his local fire department.

And there's no equal opportunities patronising guff here. Vince can bench press 120kg and stands at the front of the hose. Plus, the ladies love a fireman, big or small!

The half-pint hero!

Pocket-sized firefighter Vince talks to *Nuts!*

Hi Vince! When did you decide to be a firefighter?
I wanted to be a fireman since I was a child, so as soon as I was old enough to volunteer, I did it.

Do you have to wear a special suit?
A normal firefighter's suit was reduced to fit me. It was great to put it on!

Did anyone advise against volunteering?
The doctor who did the medical assessment. It was a heated argument because he doesn't know what I can do.

How do you cope with the pressures of the work?
I work out a lot. Because I can lift so much, I'm handy at salvage jobs.

Have you had any exciting or really tense jobs yet?
There was a fire where I knew the family inside. I was really worried, but all the people got out safe.

Your size means you can't go into burning buildings yet. Is that a problem?
I'm happy to fight fires from outside and attend other incidents. I know I've got what it takes.

They never left anything to chance when watering the begonias

'Dave... Get back in the cage!'

One cage, five blokes and one utterly huge great white!

CAGE DIVING.

It sounds pretty exciting, doesn't it? You go down in a cage, a big great white shark circles you for a bit and you get to tell everyone back home how scary it all was. But for us, the enjoyment would centre on being, you know, *inside* the cage, not floating on top looking all edible like these chaps, swimming near Guadalupe Island off the Pacific coast of Mexico. And look at the size of that shark!

"Anyone got a can opener?"

WIKIMEDIA PETER EMMERICH PHOTO: DAVID LUDWIG

Great white shark facts

- The great white shark claims the highest number of attacks on humans, beating tiger sharks, bull sharks and sand tiger sharks.
- Of the 100-plus annual shark attacks worldwide, one-third to one-half are attributable to great whites.
- Most sharks “sample bite” before deciding humans aren’t supper.
- Specimens of over six metres, weighing over 2.2 tonnes, have been recorded. That’s around two entire Mini cars.
- The great white shark can smell a seal colony from two miles away.
- They have a huge liver that can form 24 per cent of their body weight.
- They can swim in just three feet of water – and have been spotted in British waters. Gulp!

EXCLUSIVE!

A quick word with Seann William Scott!

The *American Pie* star talks ice-hockey fights, meeting AC Milan and his Oscar chances!

➔ Hi Seann! You're in *Goon*, a comedy about ice hockey.

Is that going to appeal to British audiences?

I play Doug "The Thug" Glatt, a dumb but loveable guy who quits his job as a nightclub bouncer to become the enforcer on his local hockey team. The only thing he's good at is fighting. It's like he's been touched by the fist of God!

How much training was involved before you could get physical on the ice?

I had a month to learn how to skate... badly. But we just got out there, started shooting and kicked some ass! On my first day, the stunt dude was like, "You guys are gonna throw five right crosses, he's gonna throw four to you, you're gonna give him an uppercut, head-butt him and crash him against the boards before knocking him out. You good to go?" I'm like, "F**k!"

Did anyone get hit for real?

It was as violent as you could get filming a fight for a movie. Normally, it's two punches and then you cut for another

angle, but this was way more intense! The guys I was facing off with were all ex-hockey players. Most of them wanted to get hit for real!

Which sport could be improved by a good ruck?

I like baseball, but the games can last forever so it would be nice to see both teams beat the sh*t out of each other!

Your *American Pie* co-star Tara Reid was on *Celebrity Big Brother*. Could you be tempted?

I'm just the worst housemate. But being on [US reality show] *Real World* would be good. Some of the girls on that are so hot! But I'd just be the creepy older guy now!

Doug's a human battering-ram who takes one for the team.

Have you ever turned vigilante in real life?

When I was younger, I used to get into a few scuffles standing up for my friends. But when I was 18 and on my way to my first audition in Hollywood, I got off at the wrong bus stop. I didn't realise I was in South Central LA! These gang guys came

after me for my money, so I just gave it to 'em. If someone needs protection, it's not like I'm suddenly gonna turn into Kick-Ass. I live in Los Angeles and New York. I don't wanna get shot!

What's the worst job you had when you were a struggling actor?

I worked at [DIY store] Home Depot. But I just used to walk around for eight hours each day looking busy but not actually doing anything. I was terrible at real jobs, so I'm lucky to be an actor.

Goon is full of sweary banter.

What's your favourite line?

I like it when Doug knocks a guy out and my co-star Jay Baruchel screams, "My eyeballs just ejaculated!"

Sweet! So, be honest, how do you rate *Goon's* Oscar chances?

If there was a category for comedy, we'd be in there!

Do you ever worry about getting typecast as the goofball?

I'd love to do some dramas, but you know what, man? I don't give a sh*t.

Could you have been an ice-hockey enforcer for real?

No way! Pro sportsmen are badasses. Just look at soccer. You've gotta be tough like American Football players. It's so fast, it's awesome. I'm so bummed that I didn't get to play it as a kid!

Do you follow a footy team?

I was out in a nightclub in Milan just after AC beat Liverpool in the Champions League final and actually met the Italian players when they were celebrating. I'm just some jackass actor and I get more excited to meet superstar players than any actor. I don't support a particular team, but I've watched David Beckham play for LA Galaxy and saw Man United play the Arse... Is that how you say it?

What can we expect from the *American Pie* sequel *American Reunion*?

I produced the film and we've got the original cast back together. It's a true sequel to the first film. The characters have grown up, so we're not trying to out-gross the original. But Jim still likes to have fun with a football sock!

Thanks for the chat, Seann.

Finally, what do you get up to when you're not on a film set?

A couple years back, I took part in the Drumbie Pursuit. It's a team race through the Highlands of Scotland. One hundred miles in a day biking, kayaking, archery, buggy racing, white-water rafting, rock climbing, abseiling, power boating, hill running and mountain climbing... It's a suicide mission!

● *Goon* is in cinemas everywhere on 6 January

1,088bhp electric supercar!

It's the **Concept_One**, a Croatian corker!

- The Rimac Concept_One is the latest contender in the ever-serious world of electric hypercars. We like it a lot.
- Just looking at the spec of this thing is enough to make doubters think twice about 'leccy performance cars having an exciting future. Veyron pilots have every reason to go a bit pale.
- The Concept_One is a fully electric hypercar made by Croatian company Rimac. It not only looks pretty damned chiselled but it promises to chase down its internal combustion-engined rivals.
- The Concept_One's looks were inspired by a tie. There, we said it. The design of the huge intake ducts down each side draw their shapes from the sort of neckwear your dad would have worn in the '70s. By leaving them bare carbon fibre, the motor gets a two-tone look that sprawls the full length of each side. The ugly charging socket has been cleverly disguised next to a front-wing vent.
- Things are as tasteful inside as out, with Rimac resisting the temptation to go mental with shiny trinkets. The Concept_One's cockpit is minimalist, with a large centre console touchscreen doing away with much of the usual clumsy switchgear.
- The car's swooping two-tone leather interior was

WORDS: JOINNY SMITH

a special commission by upholstery experts Vilner, who trim everything from beds to yachts. The stitched hide is broken up by a carbon-fibre gauge binnacle and centre console surface.

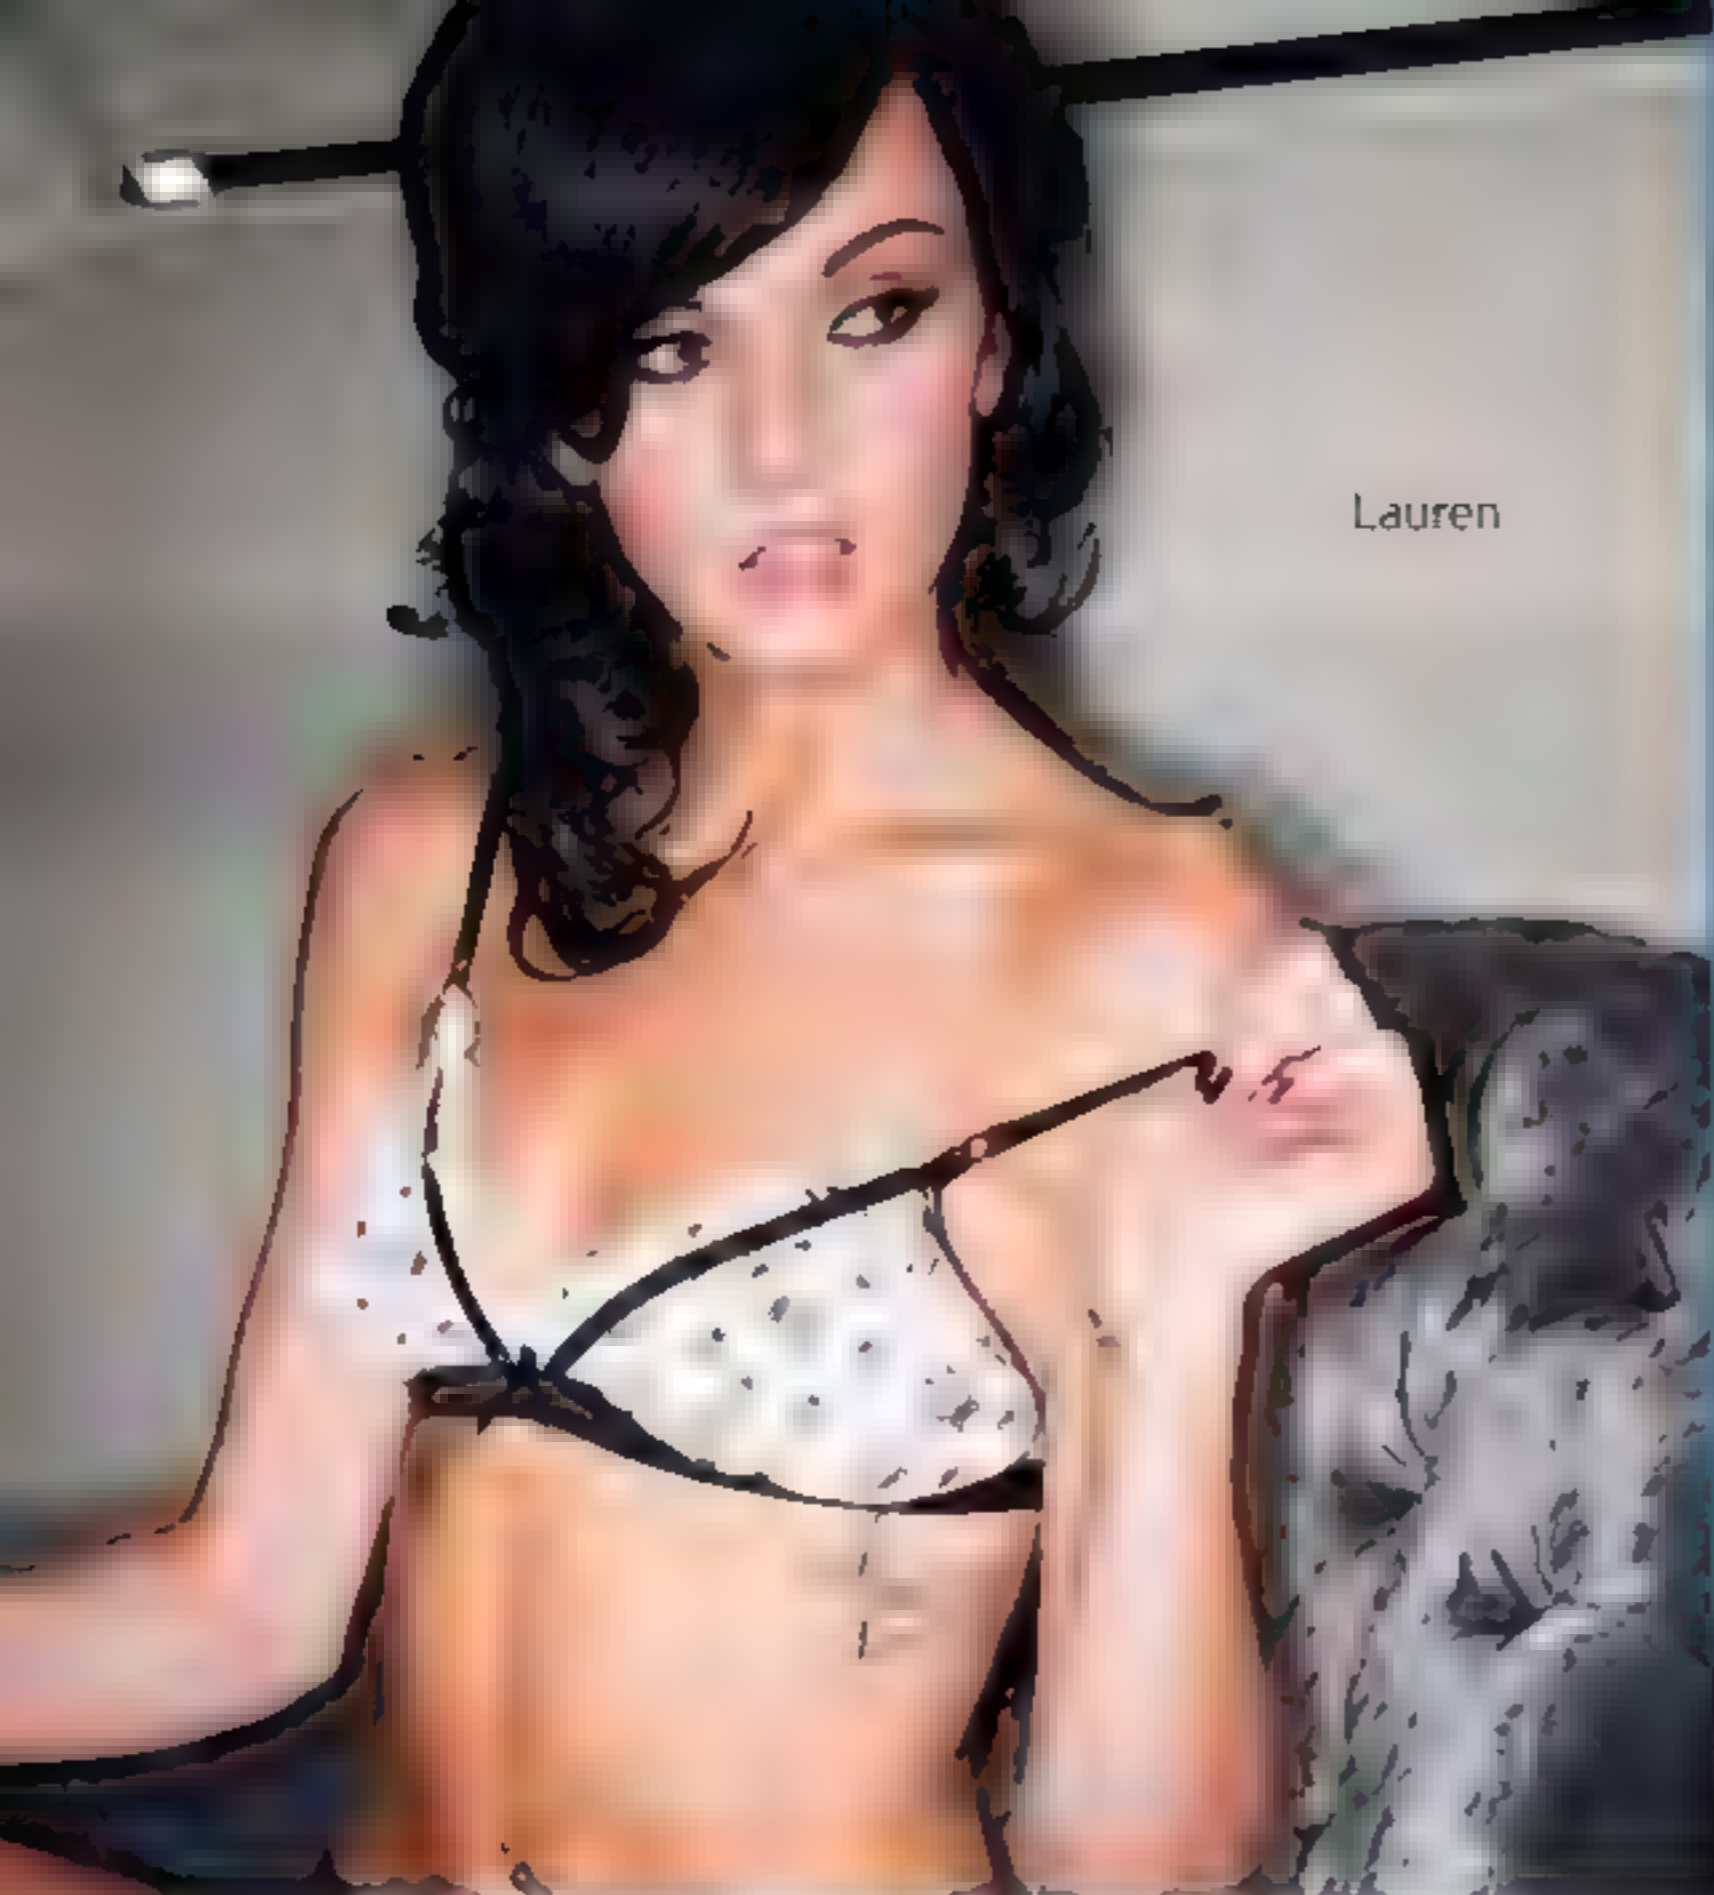

- The Rimac gets its grunt from ten battery modules, which are arranged in three different locations – two up

front, six in front of the rear axle, two behind the rear axle – for weight distribution

- The result is the electro equivalent of more than 1,000bhp, with maximum torque from zero right up to 12,000rpm. Despite weighing 1.6 tonnes, it's apparently still capable of a 373-mile range on one charge.

- Electric cars don't really require gearboxes and, in the case of this Rimac, you'll find one motor driving each wheel hub – which makes it a true four-wheel drive. As a result, traction is like stepping on a licked lollipop, with 62mph reached in just 2.8 seconds, while top speed is a seriously impressive 189mph.

- Although Rimac tells us the performance figures are provisional, we're not going to let this stifle the slackness of our jaws. This thing just looks stunning, as is the price – around £200k. Croatia now has more to boast than being the 18th most popular tourist destination in the world!

HE'S RUDE, RANTY AND RIOTOUS!

Jim suffers from banana-phobia, an irrational fear of the bendy yellow fruit!

"Atheists get a rough deal!"

AN AMERICAN woman has avoided deportation from the UK on the grounds that she's a pagan and so can legally be the girlfriend of a married Brit man. Polygamy's illegal but it seems you can, in the eyes of the law, have two chicks on the go. So what have we learned here? Don't get f**kin' married! Anyway, why do religious people always get passes when it comes to the law, while atheists get f**k all? It's enough that we don't get to go to Heaven – we should get to f**k as many people as we like!

"Drunks aren't a problem!"

WELL, BRITAIN, congratulations – you managed to break the record for the most p**ssed Christmas ever, with the Friday before Christmas enjoying one 999 call every two seconds, and New Year's Eve almost as bad. Now, I'm a drunk, and I have been all my life. Why? Because drinking's fun. What makes it less fun is all the people who can't f**king handle their beer. It's not drunks who are the problem, it's the people who hardly ever drink. We drunks know what we're doing – you never get fights on Monday or Tuesday evening, there's only drunks out hugging each other and having a good time. So, if you're a fellow drunk, I hope you had a lovely New Year's Eve rat-arsed at home, while all the amateurs were out on the town glassing each other.

took to the streets, crying in grief. Can you imagine that happening in Britain? If David Cameron died, all Brits would do is hope it meant a day off work. Anyway, rest in peace, Kim. I'll remember you as the world will remember you a funny singing puppet with a speech impediment in *Team America: World Police*.

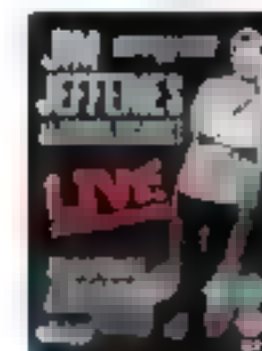

"It's guilt by association!"

WELL, THE party season's nearly over, and hopefully you f**kers did better out of it than Tory MP Aiden Burley, who was fired because he went to a stag do where a couple of the guests dressed as Nazis. Why? It's not like he dressed as a Nazi – he's not a member of the Royal Family. I go to plenty of parties where guys show up dressed like c**ts, but it doesn't mean I should get sacked. F**k it, let's get rid of everyone who has anything to do with the outfit – we'll start with the seamstress who made it, then we'll get the people who own the costume shop, the dude who worked on the counter, we'll put them on a train, send it to the middle of nowhere and they'll never be heard of again. Still, thank f**k nobody thinks like the Nazis nowadays, eh?

"I've got two resolutions!"

EVERY TIME a New Year rolls round, I always make two resolutions – one that I tell everybody, and one real one that I keep to myself. The one I'm telling everyone is that I'm going to lose weight, and the real one is, "Don't put any more things up your arse!"

Motorbike mayhem makes mincemeat out of his lower leg!

➔ **YOUR MUM** wasn't fibbing when she said motorbikes were dangerous, as this sickening snap proves! The lacerated limb belongs to 23-year-old *Nuts* reader Stuart Jotham, who had a horrifying recent bike ride. "I was filtering through traffic when a car drifted

into me," recalls the gardener from Gloucestershire. "The car crushed my leg against the bike then sent me hurtling across the road. When I stopped, I looked down and just saw a bloody mess. It had ground my leg down to the bone. I thought I was going to die." Stuart was rushed straight to hospital, where docs found

that he'd lost his fibula, a third of his knee, and buckets of blood. Despite giving his leg just a five per cent chance of survival, surgeons saved it, and Stuart is now happily back on the road to recovery. "Hopefully, this will be a warning to others," Stu tells us. And with that in mind, we're off to get the bus!

Recently, my other half has been complaining that I'm more interested in playing video games than getting into bed with her. The thing is, I find games more exciting than her. I really love her but I'm just a bit bored with our sex life. How can we spice things up?

B If you really love her, I don't understand why you find video games more exciting than bed. I think you must be suffering from low testosterone and low self-esteem. Why don't you video her in action then watch it together while you make love? Oh, and remember to tell her you love her, Mr Geek.

When she goes out without me now, I can't help thinking she's getting up to no good. Sometimes she stays out all night. Am I just being paranoid? How do you think I should deal with this?

ERIC

I understand it's quite normal for Newcastle ladies to stay out all night. What time does she come home in the morning? Maybe she's going to some sort of sex party - perhaps you should accompany her in future.

sick of it. Every time we get close, all I can smell is smoke on her breath and it puts me off kissing her, let alone anything else. How can I get her to stop?

ANDRE

There are two issues. One is her smoking and the associated

damage to her health. Tell her to stop, with lots of support from you. Secondly, as far as your desire for her is concerned, as long as she still smokes, restrict your kisses to other parts of her body. Unless she smokes there as well!

Dress sense is ruining us!

My girlfriend hates my dress sense. She says I've changed since we met and she doesn't like the way I look now. Should I put up with this or tell her to accept me for who I am?

GRAHAM

Your question doesn't give enough information about the change in your clothes. Are you now wearing bra and panties or priest's robes or something? Dress to please her. A smart, dark grey suit will be acceptable to most women, and you can still wear a thong underneath if you wish!

Smelling wacky bacey, the guard says, "You're both stoned! Why would you smoke dope at a theme park?"

H

i India! Did you enjoy today's shoot?

Yeah, it was really good. We had to do some

of it in the garden, though, and the builders were looking over. They had a cheeky peek!

Nice! What's the best thing about winter?

It's just lovely and cosy, isn't it? You get to snuggle up indoors with someone you love while it's really cold outside. But I'm more of a summer person.

Who'd be the best person to have a winter snuggle with?

Holly Peers because of her spectacular boobies! They look like the most snug things you could get your hands on – I'd never want to let them go!

Ever been caught out in the nude before?

Well, my bedroom window's at the front of the house, so if my light's on at night, you can see me. I totally forget and walk around naked. My neighbours must love me!

What else rocks about this time of year?

My birthday! Well, it's just before Christmas, actually. It can be a bit rubbish, though, because people just buy me one present for both occasions. That's a bit rubbish! I might try to have two birthdays next year, like the Queen!

What do most blokes say is your best feature?

My boobs. I think I agree with them as well! They're earning me a living at the moment, so I'm quite fond of them!

Thanks, India. Finally, you're putting together a *Nuts* babe all-star snowball team – who's on your side?

I'd hate to be against Rosie Jones, so I'd have her on my side! She's so feisty when she gets going, and I've seen her fire a real gun! The look in her eye suggested she'd be good in a snowball fight! **X**

Yes, even the under-sea world has facial decoration, like this titan triggerfish, who has a cool name, too!

TACHETASTIC!

FUZZY MONKEY!

If there has to be a winner, then it's this bad boy, the emperor tamarin, the Keith Lemon of the primate world!

GREAT GREY OWL

FUZZY FACE!

PRINCELY PIG!

Relax, ladies. This nattily chopped visayan warty pig is single. Proposals to the usual address.

HAIRY HORSE!

A horse with added face fungus, we'd argue, is definitely not for kissing. Certainly not with tongues!

HITLER CAT!

Achtung! Yes, this cat looks like Adolf Hitler, but his worst misdeed is probably only shredding the sofa!

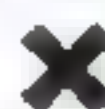

HANDLEBAR DOG!

Chuy may look like a dog that "light on their feet" gents carry in man-bags, but, crikey, that's a 'tache!

Question Bucket!

The hairy comic on naked dwarves, kangaroos and having a robot for a slave!

Copy

➔ **THE RULES** are simple. We fill our bucket full of ridiculous questions, then a celebrity picks them out at random and must answer whatever they get!

Which *Star Trek* character has the best ears?

What's that dwarf that hangs around with Simon Pegg in the remake? Him.

What's the strangest thing you've seen in showbusiness?

I was the warm-up on a TV show and I worked with a load of naked dwarves called The Half Monty. They all had very impressive c*cks.

Could you beat a kangaroo in a fight?

No, I've seen an angry kangaroo. They go back on their tail and their big legs and they'll rip your guts out as soon as they look at you. You have

to be extremely careful with kangaroos.

Does God use Twitter?

God is everywhere. He's within every tweet

What's the strangest heckle you've ever had?

I was doing a gig in Hertfordshire and I said, "Is there a north-south divide?" and this bloke went, "No, mate. Course there isn't." I said, "Oh, why not?" And he went, "Because you got through, you northern c**t."

If Apple invented the iWee and iPoo, would you buy them?

No, I'd swallow my iPhone and sh*t it out.

If you had a robot for a slave, what would you make it do?

I'd make it join with other robot slaves and start some sort of robot slave civil rights movement.

Would you have more chance beating Stephen Hawking in a fight or in a game of chess?

Probably chess. Every time he moved his piece, I'd go, "Look up there!" and move his piece.

What planet would you most like to visit?

Brian Cox told me about a planet called Titan on QI. Apparently, Titan's the place to go.

What piece of technology that hasn't been invented does the world need?

Mind chips – you'd plug yourself into a computer and download whatever experience you want.

Has anyone ever mistaken you for a girl?

Yes, I don't want to boast but I received a marriage proposal and it was a hell of a honeymoon night.

What's gone most wrong at a gig?

Somebody was shouting. "Does anyone know Peter?" Please, somebody must know Peter." I started doing all this stuff about a bloke called Peter. Then I realised what they were shouting was, "Does

anyone know CPR," because this bloke was choking on a Malteser. I didn't realise so I carried on and he laughed it out. Technically, I saved his life.

Would you shed your skeleton right now in exchange for an exoskeleton that gave you superhuman strength? Why are you asking that question? I'm removing bones as we speak!

You can fix anything by shouting at it and/or hitting it. Discuss.

I would say, yes. I except for a relationship.

What preparations are you making for machines declaring war on us?

I've not got any plans because you know what you do? Pull the plug.

Which videogame character would you be?

I'd be Horace from *Horace Goes Skiing*.

'How long from the Scottish Highlands to South Wales? FIVE minutes'

BAE's chief test pilot Mark Bowman on an incredible life spent ripping up the skies!

NE OF Britain's most experienced fighter pilots is 50-year-old Mark Bowman. Since joining the RAF at 17, he's flown some of the world's most awesome fighter jets

in war zones including Afghanistan and Bosnia. He tells *Nuts* what it's like...

Hi Mark! What does it take to become an RAF fighter pilot?

You have to have incredible tenacity, a lot of ambition, great logic and control and excellent hand-to-eye co-ordination.

What's been your most incredible battle?

I can't tell you about specific incidents, but if you look at what the Typhoon [the fighter jet Mark flies] can do – going from 0 to 30,000 feet in a minute and being able to fly from the Scottish Highlands to South Wales in five minutes – it means just doing flights in the UK is incredible.

Surely you can tell us something?

I was test-flying a Harrier in the UK. I was firing air-to-air missiles against targets. They have a timer so that when they go off they don't pose a risk of damaging the aircraft I'm flying. I had one that went off the rails at 1,000 feet and just went bang. With bits of engine flying all over the place, I had to control the situation.

Have you ever found yourself in a situation you thought you'd never get out of?

Yes. Even just a couple of days ago on a training exercise there were moments when my jet and others came far too close for comfort, at incredible speeds!

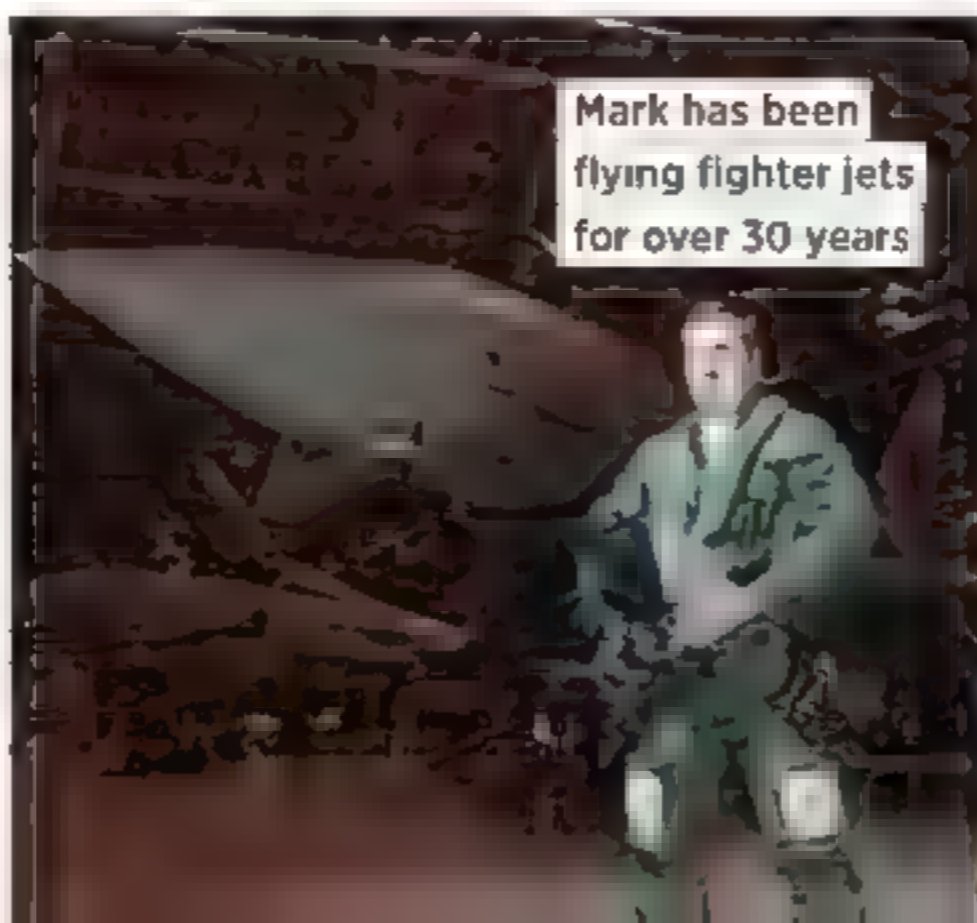

How much training and how long does it take to become a fighter pilot?

You'd need five or six years in the UK to become combat ready, and then you have to have notched a few missions. You join up at 17 or 18 and the minimum commitment you can give is 12 years.

How cool is it to say you're a fighter pilot?

It's a dream come true! A tip to know if anybody you meet ever claims to be a fighter pilot is to look at their forearms. If they're marked with burst blood vessels from being up in the air at such speeds you know the person isn't bullsh*tting!

Is it a difficult or glamorous life?

There's a lot of travel and a lot of hours involved, and you have to really keep on top of yourself physically. I'm 50 and I still do an hour in the gym each day.

Have you ever been in a dogfight?

The technology's so advanced now that those kind of battles don't take place in modern warfare. It doesn't matter whereabouts on your radar the enemy plane is, you can still destroy it without any kind of chase sequence in a Typhoon.

How much is being a good fighter pilot down to talent and how much technology?

You do need talent, but the truth is that with the technology you have today it's easy to fly a fighter plane. You do still need somebody who can think and has good hand-to-stick coordination though.

Will we get helmets that read thoughts?

I'm not sure if that would be such a good idea! You need a human there so that in combat the right decisions are made.

Is there a physical sensation when you go through the sound barrier?

It depends on what you're flying. In a Typhoon, you'll feel nothing it's just a read out on a screen. You're going supersonic but you have so much incredible equipment. The older planes, like a Harrier, are different – you'll feel it.

Have you ever had to eject from a plane?

I've never had to yet, though I know pilots who've had to do it three times! **X**

with high speeds

Top facts about the Typhoon!

- While "In theatre" Typhoon pilots have to wear a liquid conditioning suit, a pressure breathing anti-G-force vest and a full-body nuclear, biological and chemical warfare protection suit.
- The Typhoon has a single-barrel Mauser BK-27 cannon which fires up to 1,700 27mm shells per minute.
- The Typhoon's engines are built by EuroJet Turbo GmbH and are based on Rolls-Royce technology.
- The jet is controlled by computers that feed instructions into the wings and tail far faster than a human pilot could manage, enabling the pilot to use entirely new tactics.

HOLLY & RHIAN

Future sexy!

A shiny new shoot to go with our shiny new magazine

HOLLY AND RHIAN

HOLLY AND RHIAN

**"I have the
most hi-tech
swimming
costume ever!"**

Holly

THIS ISSUE of *Nuts* being the most futuristic bloke's magazine ever, we thought that we'd do as much of it as possible with a futuristic, technological theme - and that includes our lovely ladies! So we invited Holly Peers and Rhian Sugden to gaze into their crystal balls and talk about gadgets, science, robot sex and the world of tomorrow!

Hi ladies! If we could buy you any gadget, what would it be?

Rhian: I'd like to get my own train, because the amount of money I spend on train fares is an absolute joke.

Holly: I want an iPad 2.

What gadgets do you own?

Holly: I have a netbook, an iPhone, an iPad and the most hi-tech swimming costume readers will have ever seen!

Rhian: I own an iPad, which I really love, a Nintendo DS and a BlackBerry.

Can geeks really be sexy?

Holly: Yes. I like Seth Cohen from *The OC*. He's a hot geek.

Rhian: I like sexy geeks. Alex Zane's a bit of a sexy geek.

Rosie Jones is a bit of a geek.

Holly: Jonesy is a bit geeky.

Rhian: The sexiest geek ever!

Holly: I'm not a geek in the sense that I'm into games, I'm just not cool. I do embarrassing stuff. I'm a clumsy geek.

Do you ever lie awake at night and worry that machines will someday take over the world?

Rhian: No!

Holly: I can't say I've ever worried about that.

If you woke up tomorrow and robots had taken over the world, like in *The Terminator*, what would you do?

Rhian: I'd get a robot outfit.

Holly: Did you see the guy on YouTube who made himself a *Transformers* suit out of old cans of beer and stuff like that? I'd just be running around in one of those. ►

HOLLY AND RHIAN

"I can just go on the *Nuts* website if I want to see myself naked!"
Rhian

Have you ever filmed any naughtiness on your phone?

Rhian: There's no point in me filming myself, because I can just go on the *Nuts* website and see myself naked there!

Holly: Yes, I have, but I've gone back and deleted it later.

What was the last invention that genuinely impressed you?

Rhian: The new iPhone.

Holly: My iPhone, because it has that Siri thing, which I thought was impressive.

How often do you surf the web?

Holly: Every day. I like Celeb Boutique. They provide me with going-out outfits.

Rhian: I do it every day, too. My favourite website is Twitter.

Have you ever been tweeted by anyone famous?

Rhian: Yeah, Bryan Adams, the rock star. He invited us to his concert in Manchester!

Who do you follow?

Holly: You guys! And also Kim Kardashian, and Joey Barton - he's hilarious

Rhian: I follow all the girls. I don't follow famous people because they're really boring.

A lot of the girls, like Rosie and Emma Glover, post pictures of themselves misbehaving.

Rhian: That's standard Rosie Jones behaviour. I'm going out with her after the shoot in Essex, we're getting vajazzled up - that's pretty futuristic!

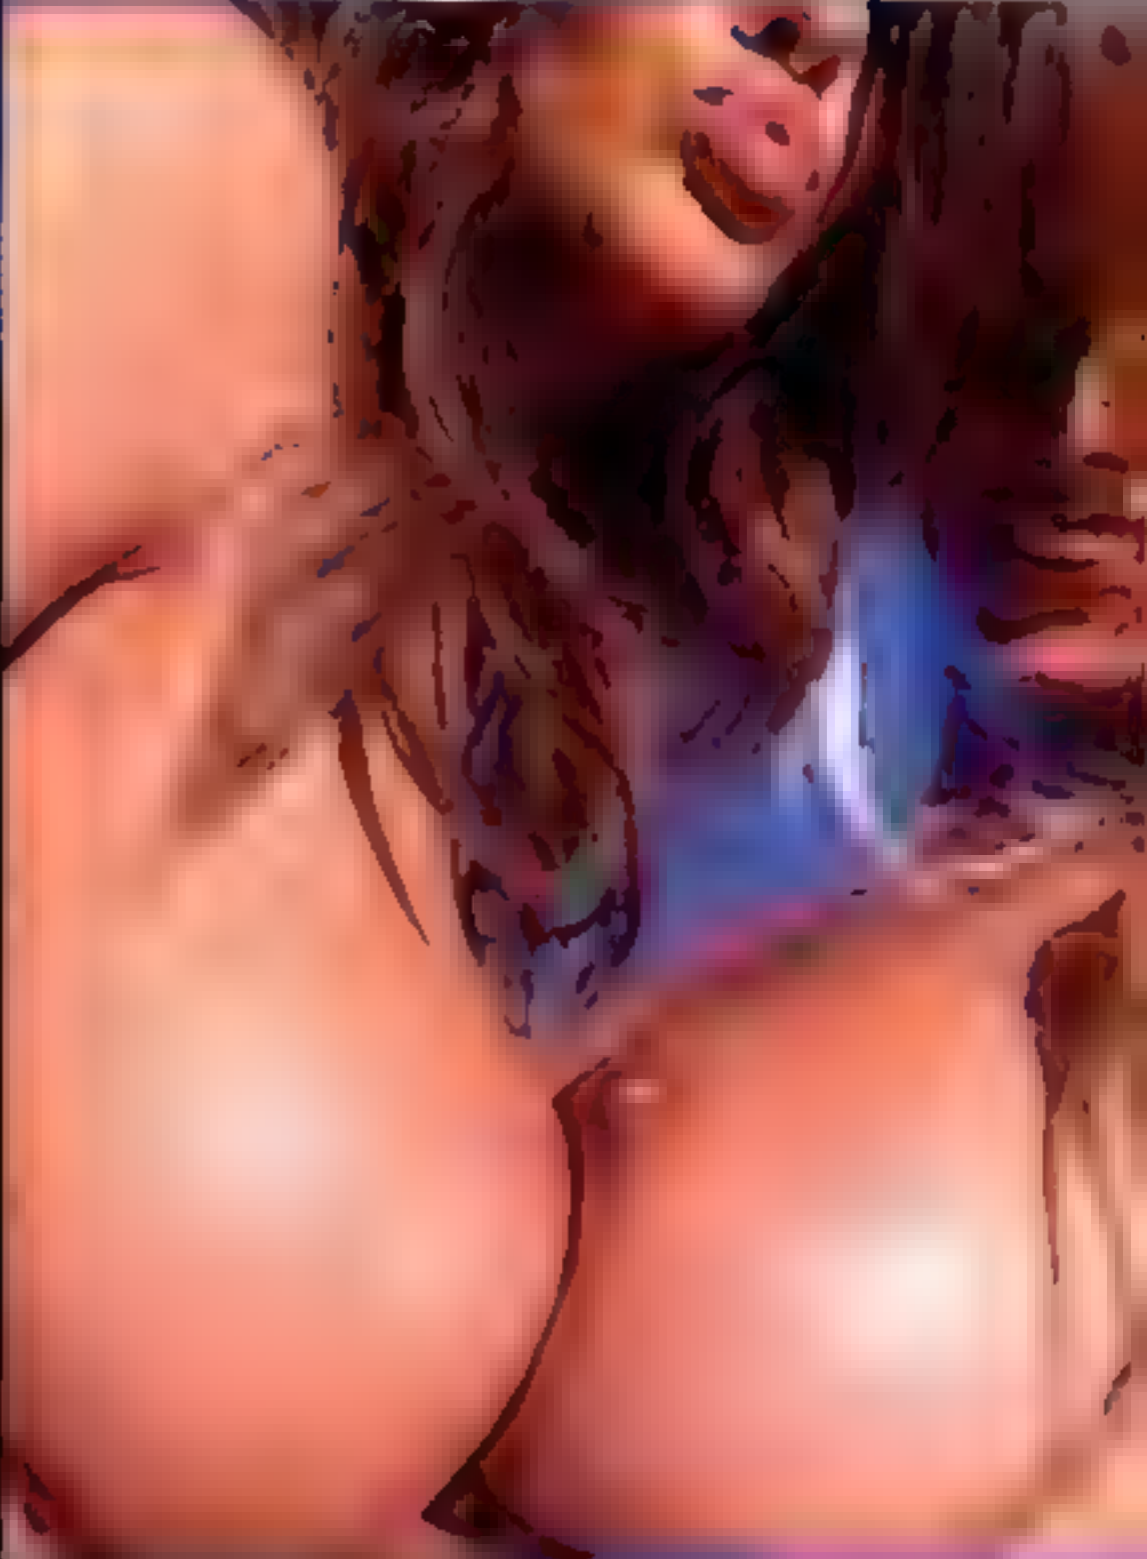

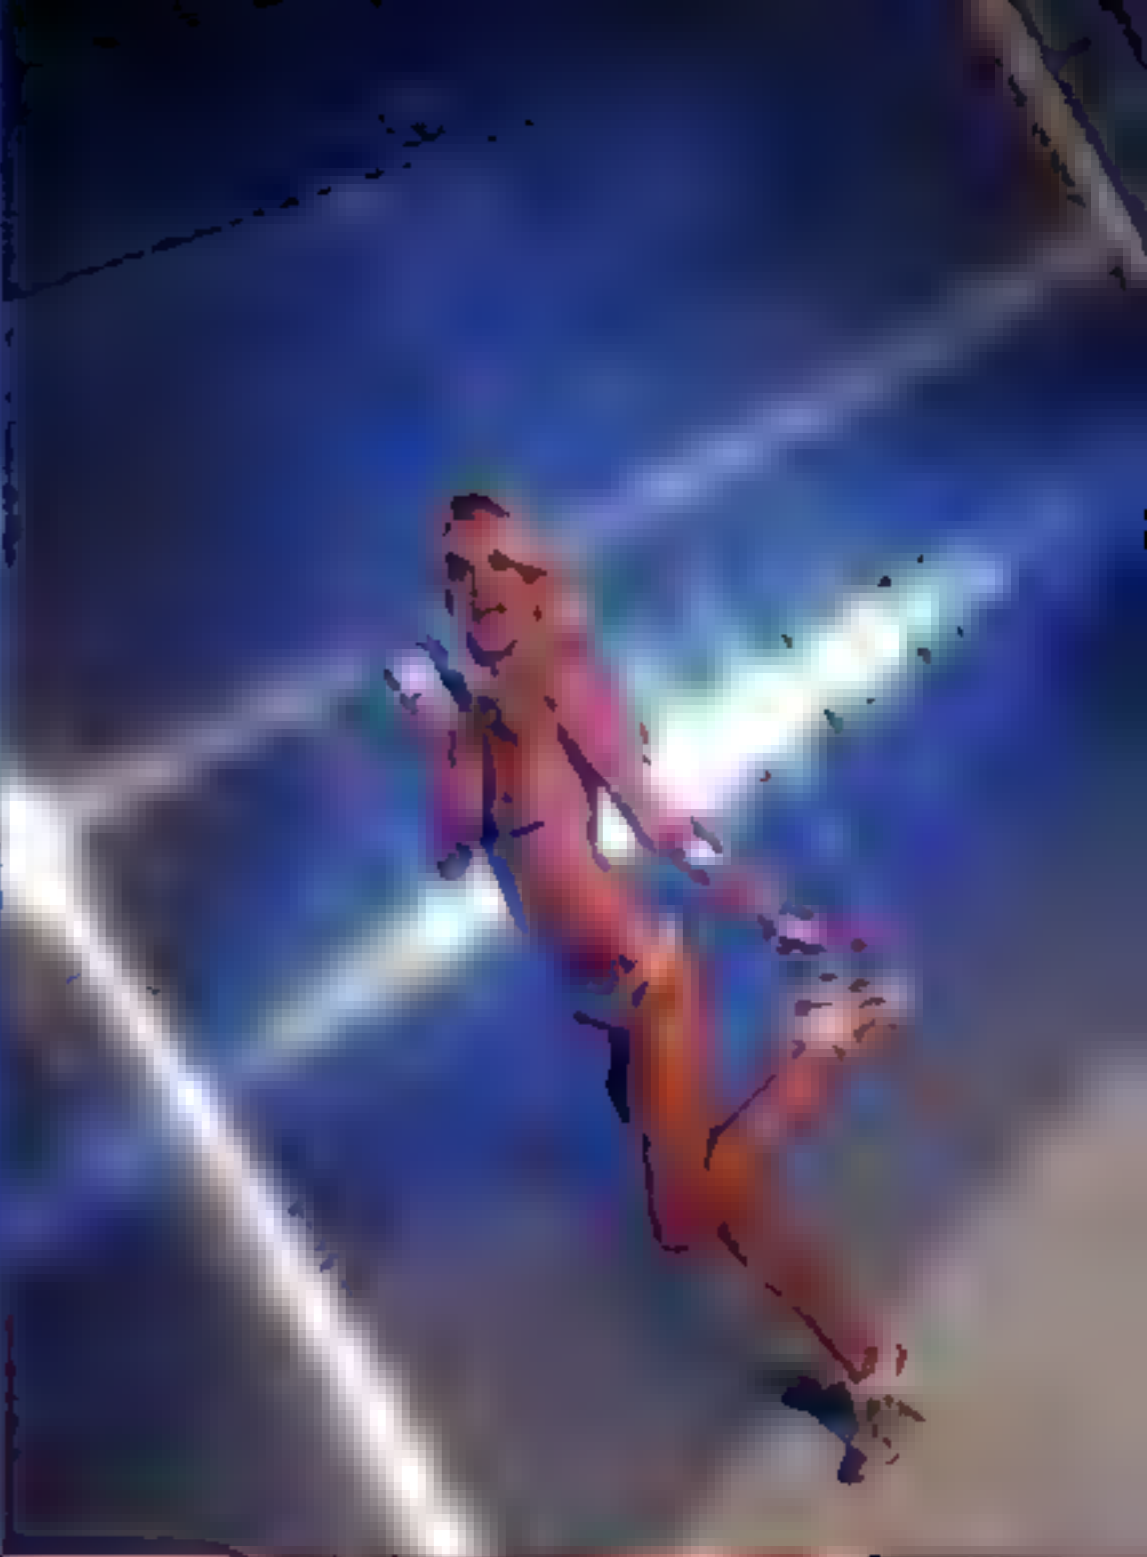

So you think everyone in the future will have vajazzles?

Rhian: That's right. Or pejazzles, in your case.

What was the last thing you found online that really made you laugh?

Rhian: There was a clip on the *Nuts* website of someone doing a skydive while they were being sick. That was funny.

Holly: Someone showed me a clip of someone jumping out of a window onto a trampoline. Someone else tries it and they break their leg. That's the stuff I like - horrible accidents. ►

**"We filmed this
naughtiness on
our phones!"**
Holly & Rhian

**"I'm going out
with Rosie in
Essex. We're
going to get

Rhian

Charming! Do you ever look at naughty stuff online?

Rhian: Of course!

Holly: I don't. Only because in my flat I don't have the internet – I need an engineer to sort it out, and it doesn't look good on my iPhone.

Needing an engineer to fix your internet so you can watch adult movies sounds like something out of an adult movie.

Holly: Very much so!

So, ladies, where would you like us to start drilling?

Holly: Stop that!

Sorry. What will the world be like in 20 years?

Rhian: Silver and shiny, with people floating around in floatable cars.

What will sex be like?

Rhian: Silver, and shiny, with people floating around... I imagine it'll be the same.

Holly: Have you seen there's a machine that you sit on and it gives you an orgasm? I think we'll all be using those.

If you invented your own robot, what would you have it do?

[Holly simply gives Nuts a very knowing look.]

Are you suggesting that your robot would be a sex robot?

Holly: A sex robot? Yes! Get me one for my birthday.

Rhian: I'd have a robot that did everything.

Are you videogames fans and if so, what games do you like?

Rhian: I like *Mario Kart*.

Holly: I like that and *Wii Sport*.

Thanks, ladies! Finally, if you could invent your own sexy lady, what would she look like?

Rhian: She'd look like Megan Fox, with Holly Peers' breasts. And she'd be silver and shiny.

Holly: She'd have a big bum, like Kim Kardashian, she'd be taller... a mix between Megan Fox and Kim, with more curves. And she'd have India Reynolds' personality.

I love her!

"There's a machine you can sit on that gives you an orgasm!"

The Cleveland Show

E4 • 10pm

There's much father/son agonising going on as Cleveland and Rallo are forced to spend the night in a haunted mansion, and Roberta finds herself in a love tug-of-war involving a vampire and a werewolf. The usual stuff, then.

★★★★

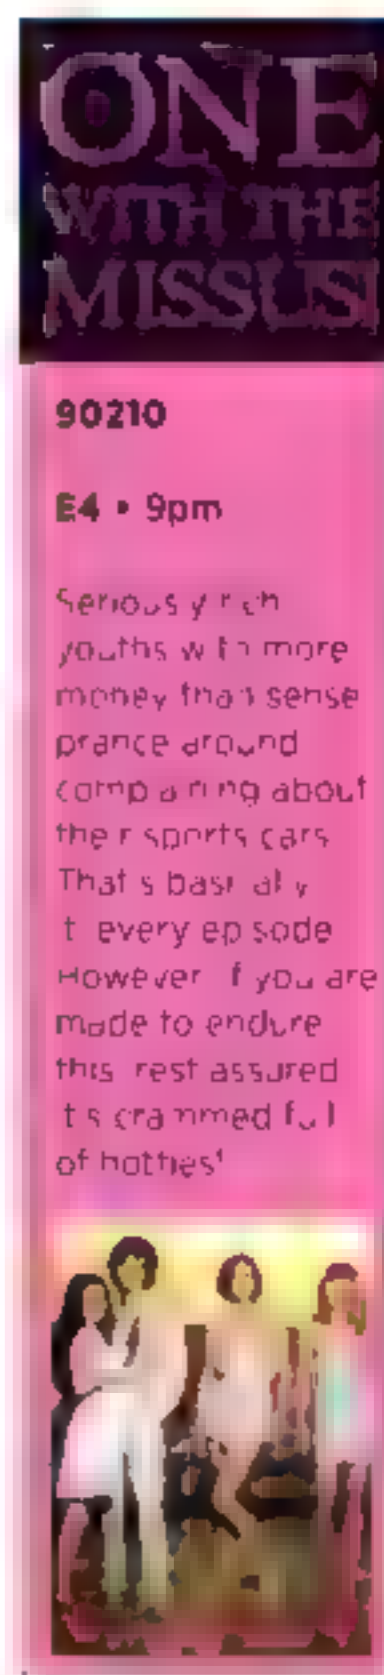

Allen Gregory

E4 • 10.30pm

Jonah Hill is the creator and voice of Allen Gregory - a Stewie-from-*Family-Guy*-style cartoon character. Allen is a pretentious, annoying seven-year-old, with two gay dads who've forced him to go to a regular school where he doesn't fit in. Unlike Stewie, Allen kind of grates on you, but there are just enough amusing moments.

★★★

Wednesday 11 January

Man City vs Liverpool

BBC ONE • 7.30pm

It's the Carling Cup semi-final first-leg at Eastlands and, with Championship sides Crystal Palace and Cardiff battling it out in the other semi, whichever side wins this tie will be confident of bagging some silverware next month.

★★★★★

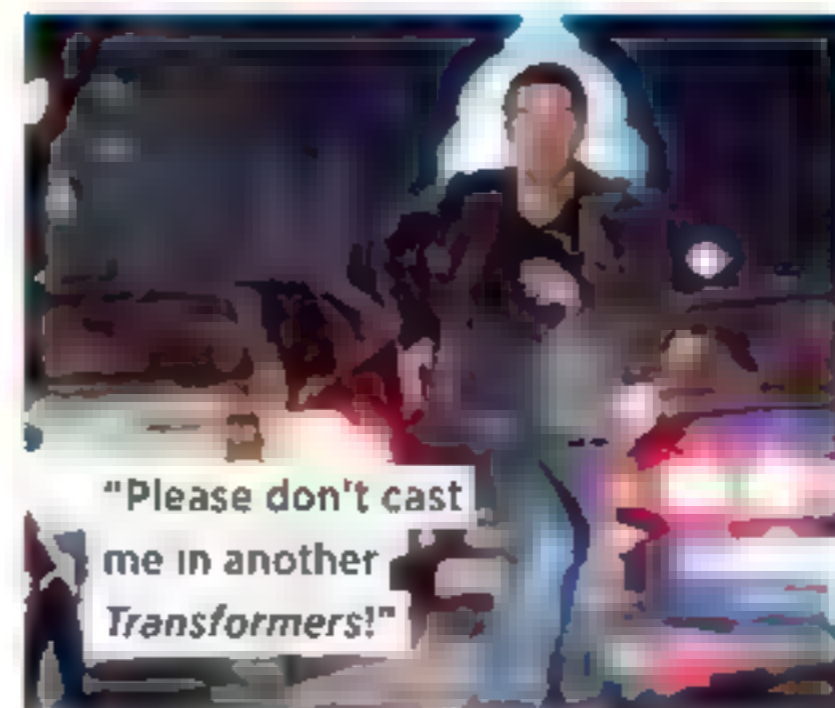

Benidorm ER

CHANNEL 5 • 8pm

This may shock you, but British tourists and expats in the holiday resort of Benidorm don't always look after themselves too well. Allergic reactions, poolside catastrophes and, of course, stag party mishaps are common, and this documentary looks at the worst (and therefore the best) of the emergency-room incidents.

★★★

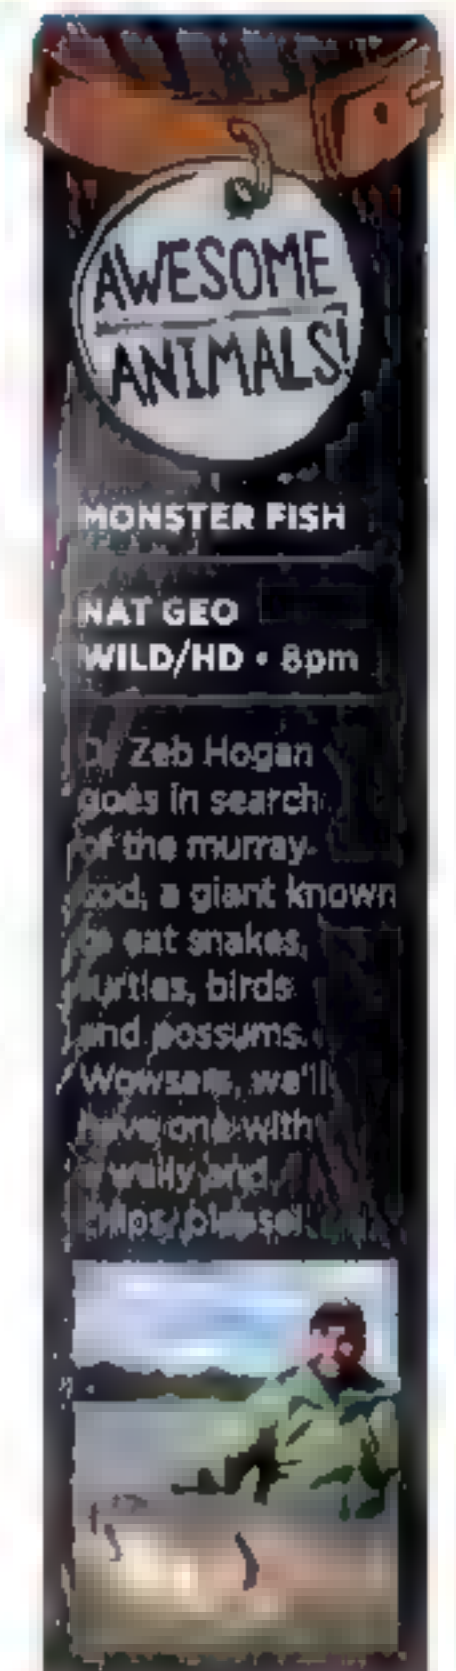

Eagle Eye

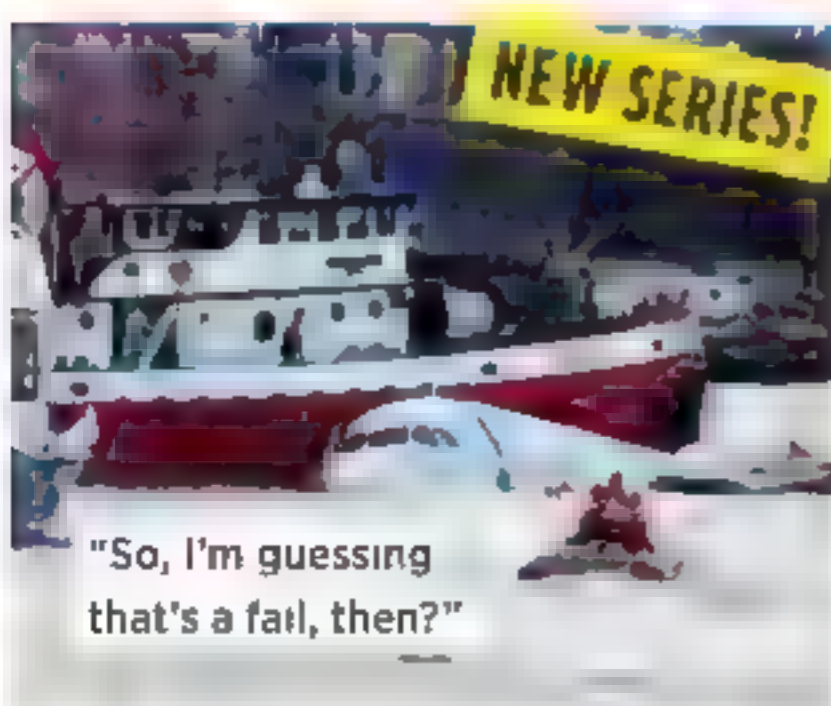

BBC THREE • 10pm

Remember Will Smith in *Enemy Of The State*? This is like a modern-day version of that. Shia LaBeouf is the young bloke who starts getting mysterious calls from a woman, forcing him into various sorts of peril. Should he not comply, bad things will happen. An action chase-flick that's entertaining enough.

★★★

World's Scariest Plane Landings

CHANNEL 5 • 8pm

The world's full of scary stuff. Mario Balotelli in the same room as a box of fireworks, for example. This series takes a look at other terrifying things caught on camera, kicking off with forced plane landings, including one on New York's Hudson River in 2009.

★★★

Earthflight

BBC ONE • 8pm

Even taking into account *Frozen Planet*'s staged-scene incident with polar bears, the Beeb are in a class of their own when it comes to nature docus. Which is why we're excited about this series looking at five of the world's continents through the eyes of birds. Former *Doctor Who* bloke David Tennant narrates.

★★★★★

Evan Almighty

ITV2 • 9pm

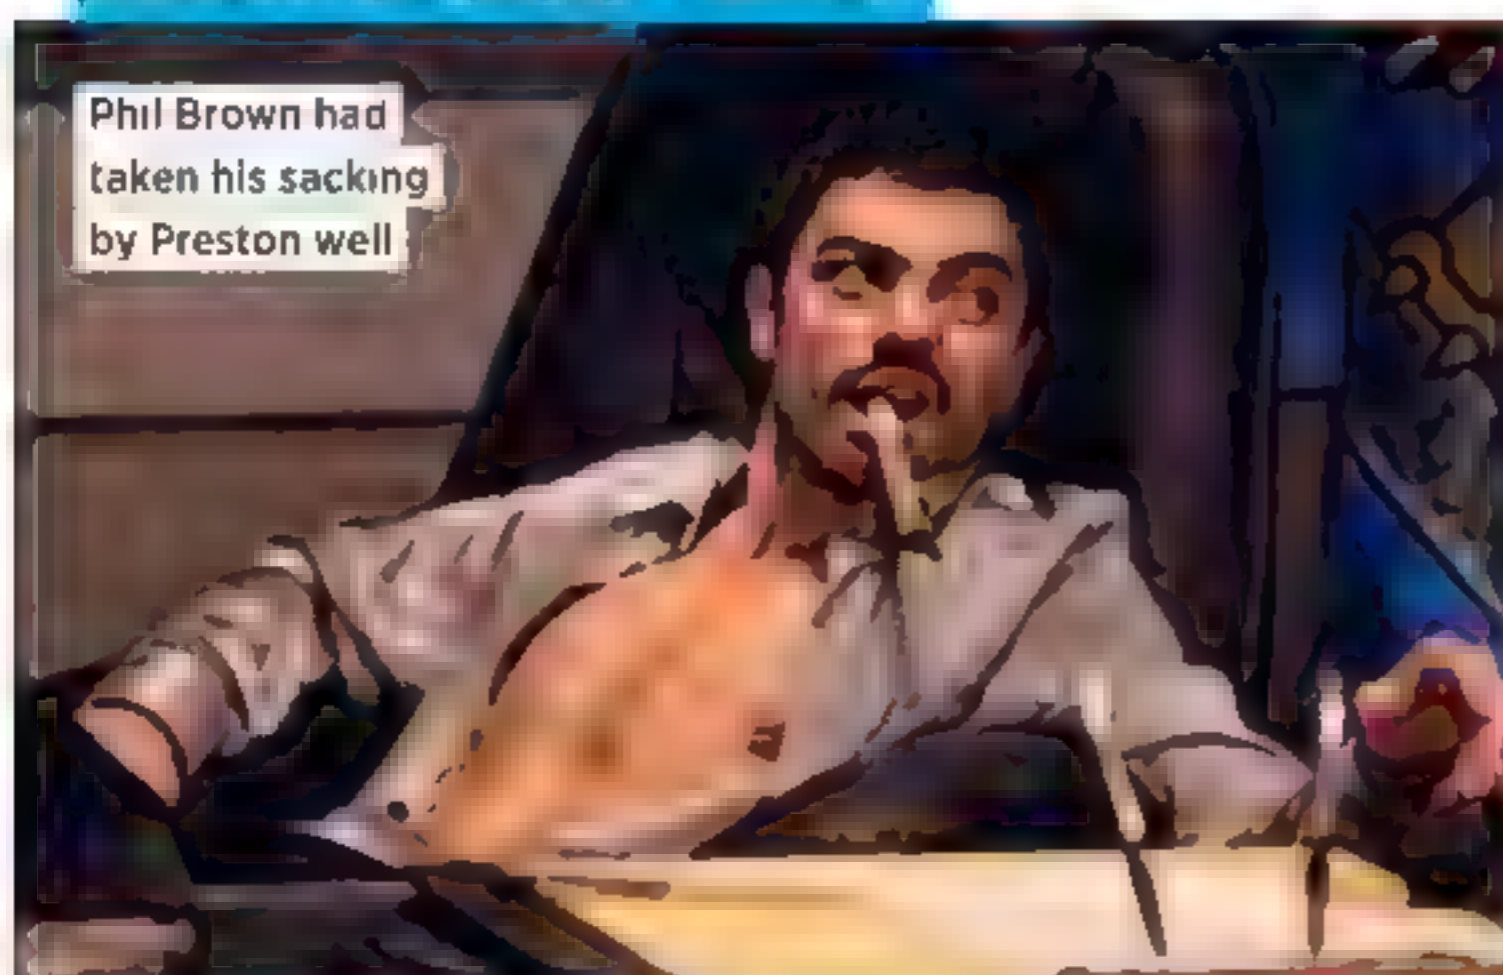

In one of the most expensive comedies ever made thanks to the copious amounts of CGI, Steve Carell picks up the lead role (from Jim Carrey) where he's been elected to congress. All's going well until God tells him to build an ark. Then the animals talk to him and he can't stop growing a beard. Silly, funny nonsense.

THE DEVIL'S DOUBLE

Brit actor Dominic Cooper gets a spray tan and takes on the two lead roles in this ace thriller about former Iraq leader

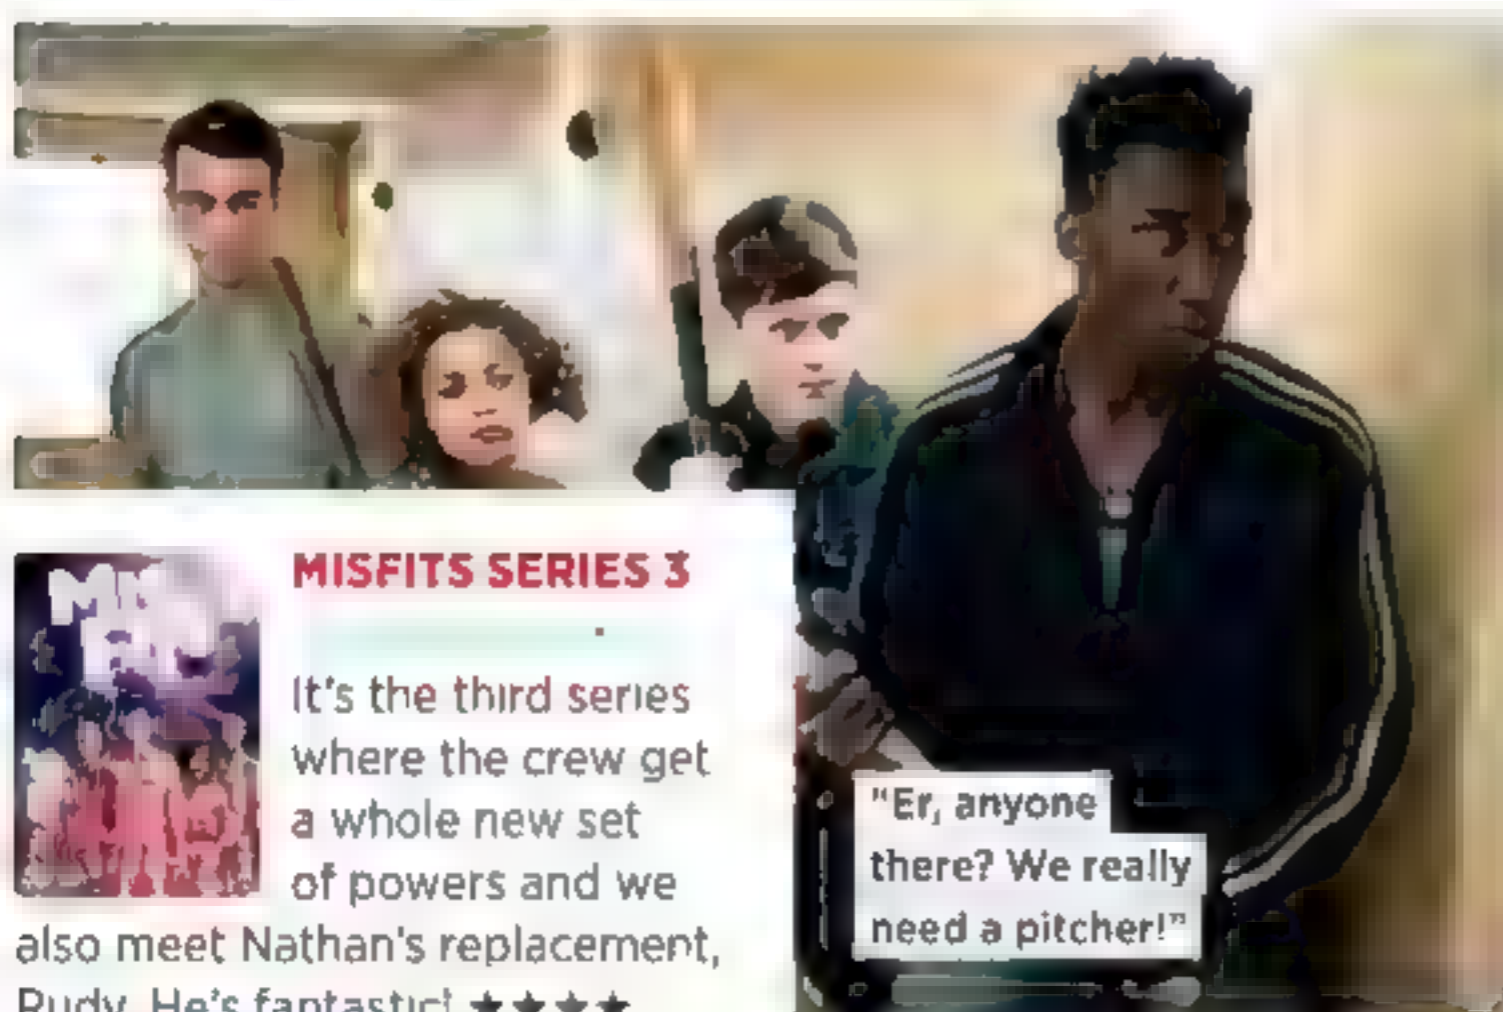

Saddam Hussein's oldest son, Uday, and his very own body double, Latif. Poor old Latif gets dragged into Uday's grim world of excess as a gangster and pimp. Features some top-notch torture and twisty psychological turns. ★★★★★

FINAL DESTINATION 5

More outrageous and gruesome deaths to enjoy as the excellent supernatural horror franchise continues (and in 3D!).

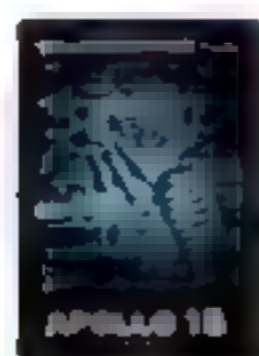

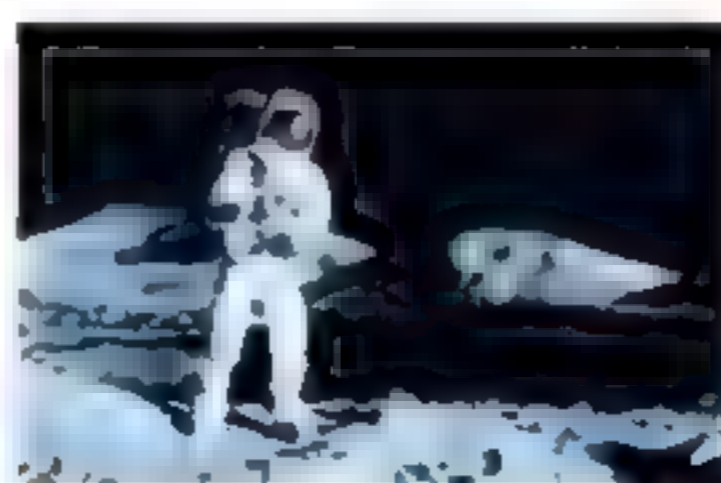

The latest sickening y good-looking bunch survive a bus dropping off a suspension bridge. It'd be a bit dull if it all ended there, obviously, which is why death comes calling, seeking to kill them in incredibly mag native ways. ★★★★★

Nuts gambling masterclass!

A host of top tips to help you play Deal or No Deal!

➔ **YOU MAY** think Deal or No Deal is a game for those who believe in "systems". Well, the TV show might be, but the multi-line slot isn't!

You can win big from the comfort of your own home for as little as 5p, and if you play on all lines, you could win a progressive jackpot. One recent Nuts Games winner bagged himself £229,776!

How to play

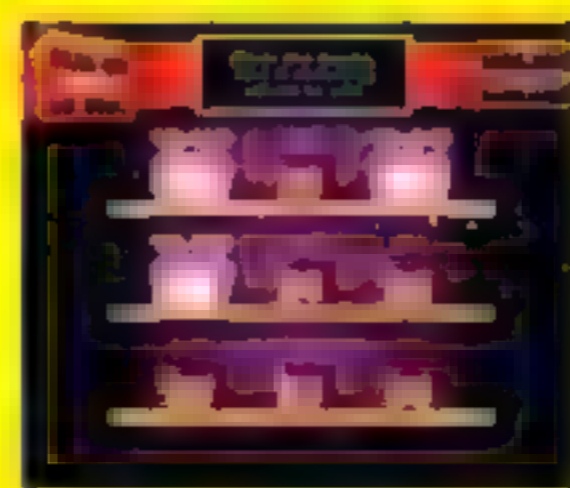

- The aim is to get winning symbol combinations from each spin of the reels, with the ultimate target being the progressive jackpot.
- You can select up to 20p on each of the 20 pay lines. That gives you up to 20 chances to win on each play!
- The progressive jackpot can only be won on the Deal or No Deal bonus game, but there are also two other fun bonus games called Banker's Offer and Mystery Box Bonus, where you can win some extra cash.

The number lines

It's all self-explanatory – click the number beside the reels, or the "Bet One" or "Bet Max" button. Choose Bet Max for the chance to play the bonus game and win the biggest jackpots!

Bonus game

If you bet on all 20 pay lines and you get three Deal or No Deal bonus symbols on any pay line, the bonus game begins – this plays like the TV show, with the big progressive jackpot at stake. Don't be too greedy or, like us, you could end up with £8 instead of £100!

Plus win up to £10k!

Play three games for the price of one with Deal or No Deal Scratchcard. Play from the comfort of your home for £1 for your chance to win!

'He eyed my assets!'

FOR NEW Year, my friend and I booked a cheap spa deal in a gorgeous hotel. When we checked in, we met the gym manager, a fit blond guy. We spent a fantastic day in the spa and by the pool, from where I could see him watching us and eyeing my ample assets. I mouthed my room number to him, made an excuse to my friend and went back. As soon as he walked in, he pulled me into the corner and his hands were all over me. I couldn't wait for what was coming next. His fingers found the edge of my wet bikini bottoms and they were soon off. Before long, I was hunting for a condom in my overnight bag and he took me from behind over the bed. After, we arranged to meet up later for more dirty fun!

CONFESSION OF THE WEEK!

'We made a naughty movie!'

MY FELLA, my flatmate and I had a boozy evening out on Christmas Eve. When we got home, we thought my flatmate had gone to bed, so my man suggested we put on one of our home made movies. It made me feel horny and, before long, I was naked, giving him head. Suddenly, my flatmate walked back in and said she'd watched this one! I was shocked, but the next thing I knew, her hands were all over me while my man went down between my legs. We spent the evening filming new material to watch in 2012!

Jennie-Lou London

'He licked my nipples!'

I'D TOLD my landlord that I was away over New Year so that he could pop in and do a few jobs. After having a huge row with my boyfriend while I was

away, we split up and so I raced back home on New Year's Day. I'd just had a bath and was lying on my sofa, covering myself in some body cream, when my landlord walked straight in. I don't know which of us was more shocked, but then he gave me a cheeky smile. I explained my situation,

and he was really sweet. Before I knew it he was giving me a hug, then we started kissing! He's quite hot and I'd often fantasised about him, and the reality was just as good. He worked his way down, licking my nipples and then using his fingers on me. I couldn't wait to get my hands on his bulge so I unleashed his erection and ran my tongue up and down his shaft. Tugging on his balls, I worked him with my mouth until he came. We've started seeing each other now!

Louise Manchester

'I orgasmed in minutes!'

A MALE colleague and I had been sending flirty texts all over the Christmas holidays, so we met up for a drink on our first day back at work. We sat in a quiet corner of the pub and judging by the growing bulge in his jeans, my cheeky flirting was having the desired effect. I had to have him, so I led him to the toilets and we went into a cubicle. I couldn't keep my hands off him and within seconds we were stripping off! I started licking his massive stiffy and made him moan with pleasure. While my lips moved up and down, I started playing with myself and I orgasmed within minutes. When we left the cubicle, two girls were standing there grinning at us!

2 Good answer! What's your trademark move in the bedroom?

"When my man comes home from a stressful day at work, he'll find that I'm ready and waiting in a sexy bubble bath for him!"

3 What really turns you on in bed?

"I really love it when a man talks dirty to me all day on the phone and sends me teasing texts about all the rude things he's going to do to me later when he gets home."

4 What's your favourite position?

"I love all kinds of positions but if I had to choose just one, I'd go for the classic reverse cowgirl every time. It really hits the spot!"

5 Is it better to give or receive?

"Do I have to pick one or the other? I prefer both at once – so sexy!"

6 Do you have any sexy New Year's resolutions for things you'd like to get up to in 2012?

EXCLUSIVE!

Aguero: 'I love getting kicked!'

City man on his first season in the Prem!

Hi Sergio! How would you regard your first six months in English football?

I've loved it. I'd heard about how foreign players take time to accommodate to the new environment, but I've enjoyed a dream start!

Why do you think that is?

My team-mates have been perfect, but I also came here with the attitude that I wouldn't be beaten. Even though there may have been some fear at the new surroundings, my heart wouldn't let me lose.

How have you found the physical side?

I've loved it! When I get kicked, I just pick myself up and kick them back. The defenders are hard but fair, and their attentions are a compliment. Their tackles make me more determined. I think I actually enjoy being fouled!

The comparisons to your father-in-law, Maradona, won't go away, will they?

This man's a legend who achieved everything. He's on another world to me. Even if I play until I'm 100, I'll never be like him.

OK, so what can Man City achieve this season?

Our target now has to be the league. There are lots of new players here and I think people thought we would have difficulties coming together as a team, but it hasn't been that way. The mentality's one of togetherness. Our spirit makes us formidable opponents. And we enjoy ourselves – this aspect can't be underestimated.

You like to play with a smile on your face, certainly!

Football's a thrill. The feeling of beating an opponent, scoring a goal or helping your team-mate find the net is like nothing else. Even when I was a small child, it was the same.

But winning trophies is a serious business.

It is, of course. I came here to take my career to the next level. I wanted to win trophies, because this must be the goal. When you retire, you don't want to see an empty table. I put pressure on myself all the time, but always with the knowledge that I'm playing a gorgeous game. What is there not to be happy about?

He suffered a delayed reaction after trapping his finger

"Let go my hand, mum! Wanna play footy!"

CITY VS UNITED CUP SPECIAL!

EXCLUSIVE!

Rooney: 'City can't buy experience!'

Man United hitman fires warning to the noisy neighbours!

Hi Wayne! Does it feel weird not to be favourites for the Premier League title and, for that matter, the FA Cup? People are entitled to their opinions but I can honestly say I wouldn't swap any other squad in the league for the one we've got. I think we deserve to be respected for what we've achieved over the years. We know how to win trophies, simple as.

But your "noisy neighbours" look like the team to beat. They're a powerful side with loads of good players. I'm happy that Manchester has two great teams – I can't see a down side to that. But I wouldn't get too hung up

on the "two Manchesters" thing. There are four or five sides in with a shout, all of whom we respect.

After your Champions League exit, why should United fans have cause for optimism? It happened. We were all devastated, but it's over. Now we have to try to win the Europa League, the Premier League, the FA Cup – everything! What we have in our favour, above the other teams, is an experience of winning things. Write us off if you like, but it's a very dangerous thing to do. City have loads of money, but we have the all-important confidence that comes with experience. You can't buy it.

What can we expect from United in the New Year?

We always push on in January and I hope it'll be the same this season. People wrote us off last season and we ended up winning the title. That shows what this club's all about. We don't know how to admit defeat.

How have you found the switch to playing in a deeper role in midfield?

It's different, but something I've actually enjoyed. You get involved a lot more and see more of the ball.

But you're a striker at heart?

Definitely, but I'll play where I'm told. It may help my all-round game in the long run.

Do you have the players and strength in depth to compete?

I think so. We've got a great blend. The likes of Phil Jones have come in and you can see why people think he's a future England captain. Then we have plenty of attacking options. I'm just happy to be a part of things here.

You do seem to be happier.

I'm in a good place in my life. My football, my family – everything's fallen into place. I desperately want success for United this season – that'll make me happiest of all!

Premier League, Euro 2012 and Olympics – I can't wait!

2012 LOOKS set to be a fantastic year for footy!

The Premier League title race is certainly hotting up – it's great to see teams like Spurs doing so well, and the battle at the top between Manchester's finest should be fantastic to watch. One thing's for sure, with super Mario Balotelli around, it certainly won't be boring!

In Europe, it'd be great to see an English team make the Champions League final. I think Arsenal have a chance – they're improving all the time and will add to their squad in the window. I fancy Arsene's boys to beat AC Milan, then anything can happen!

I must say I'm really looking forward to the European Championships. It'll be a chance for England to make up for the disappointment of the World Cup and restore some

pride to the country. I just hope Fabio Capello's rabble turn up this time!

Finally, the Olympics should be wonderful. The chance to see a Great Britain football team in our own back yard is terrific. As a tournament, it's had its knockers, but it's great for the country and our younger players. Lionel Messi has an Olympic gold medal. Need I say more?

Winter breaks are boring!

GERMANY, ITALY and Spain are all enjoying their winter breaks, but I have to say, it's not for me. I'm a traditionalist and I love seeing our millionaire footballers being battered by the wind and rain! It's part of the English game and our fans love wall-to-wall football over Christmas and New Year. Some foreign managers have a problem with it, but only because they're used to putting their feet up at this time of year.

Even if we did have a break, it wouldn't work – you'd get all the bigger clubs flying off to play friendly games in Dubai, trying to earn some extra cash. I don't really think it'd help the national team either – players love playing matches. Going in to train every day without a game to look forward to would drive them crazy!

Kammy's one to watch!

I SEE there's a lot of speculation surrounding FC Basel's Xherdan Shaqiri. He's a cracking player and a tough little cookie. He was outstanding against Man United in the Champions League and he has that arrogance and devilment about his game. Someone should snap him up!

And the Football World Gurning Champion 2011 is...

THE BIG MATCH!

Arsenal vs Leeds

MON 9 JAN, 7.45PM • ESPN

This is a really tricky match for the Gunners. Leeds aren't a team you want to play early in a cup competition. They did a great job at the Emirates last year and knocked Man United out a year earlier. Simon Grayson's men have nothing to lose and I can see this going to a replay
KAMMY'S PREDICTION

Key man

Robert Snodgrass is a fantastic talent and will be playing in the Premier League before long. He has a knack of scoring important goals.

DRAW KAMMY!

We've no idea why **SHAWN MARION** of NBA basketball side the Dallas Mavericks looks so happy. We'd wager his little pinky probably smarts a fair bit!

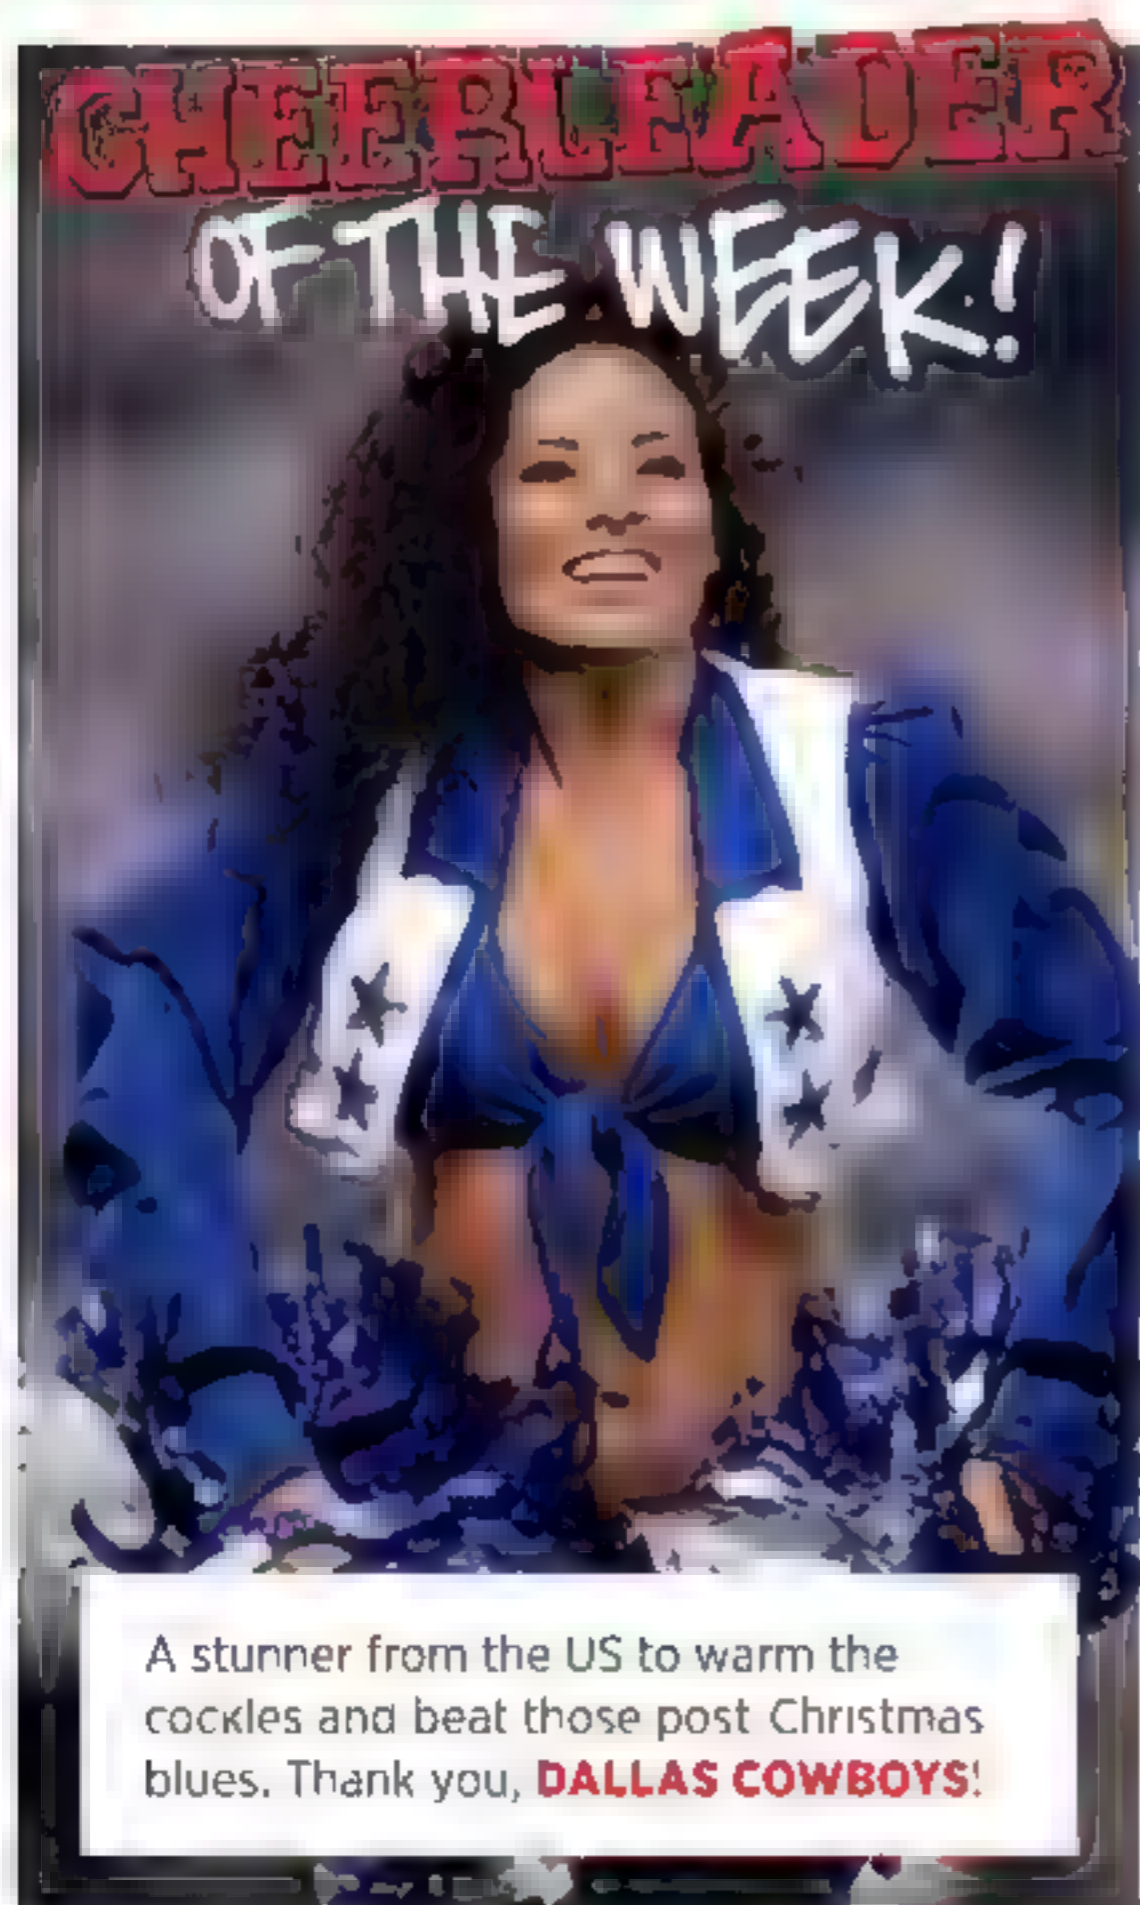

WORST HAIR OF THE WEEK!

Believe it or not, this photo wasn't taken in the '80s. The tragic mullet belongs to **MARK MOLESLEY** of AFC Bournemouth. We hope his team-mates rib him mercilessly.

Russian ice hockey star **IGOR MAKAROV** will do anything to win, including shoeing his opponents around the head with a razor-sharp ice skate.

A stunner from the US to warm the cockles and beat those post Christmas blues. Thank you, **DALLAS COWBOYS!**

“Quote me on that!”

This week's biggest match debaters!

“The English manager I most admire is Arsene Wenger, even if he's not English”

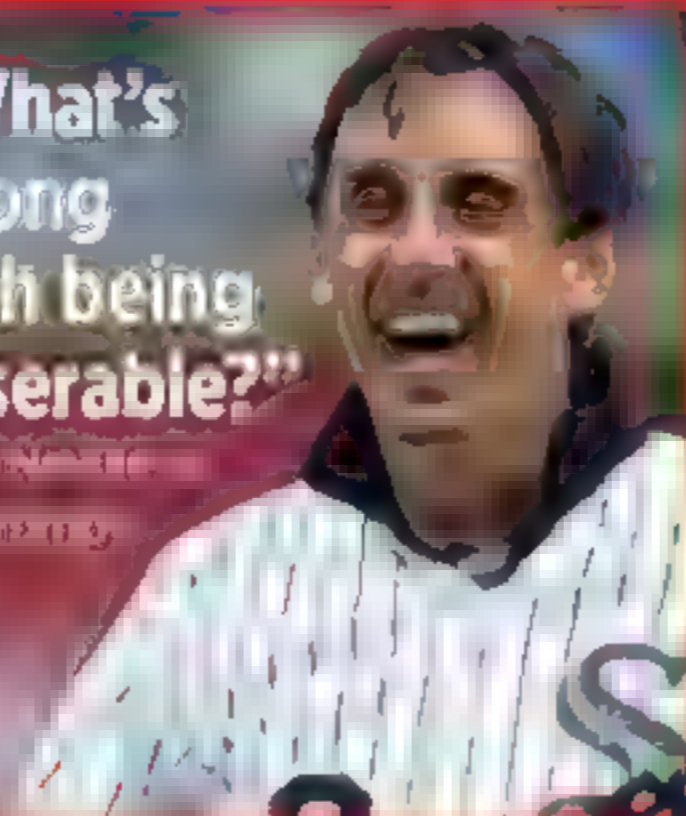

Phil Scolari speaks Freng ish.

“My hairstyle is incredibly bad”

Quiz is honest.

“What's wrong with being miserable?”

“If I ate a camel toe, you'd have to send me home”

Robbie Savage won't take a dive.

“He's a big lad so he should come with his hands”

Alan Shearer likes some wrist action.

“When I was younger, Tony Adams never fancied me”

Wolves' Roger Johnson is hurting

SPORT

JUMP AROUND!

STEP 1 WARM UP!

It's important to get those muscles nice and loose. Try some stretches to warm those quads and get your bloated body ready for action

STEP 2 JUMP!

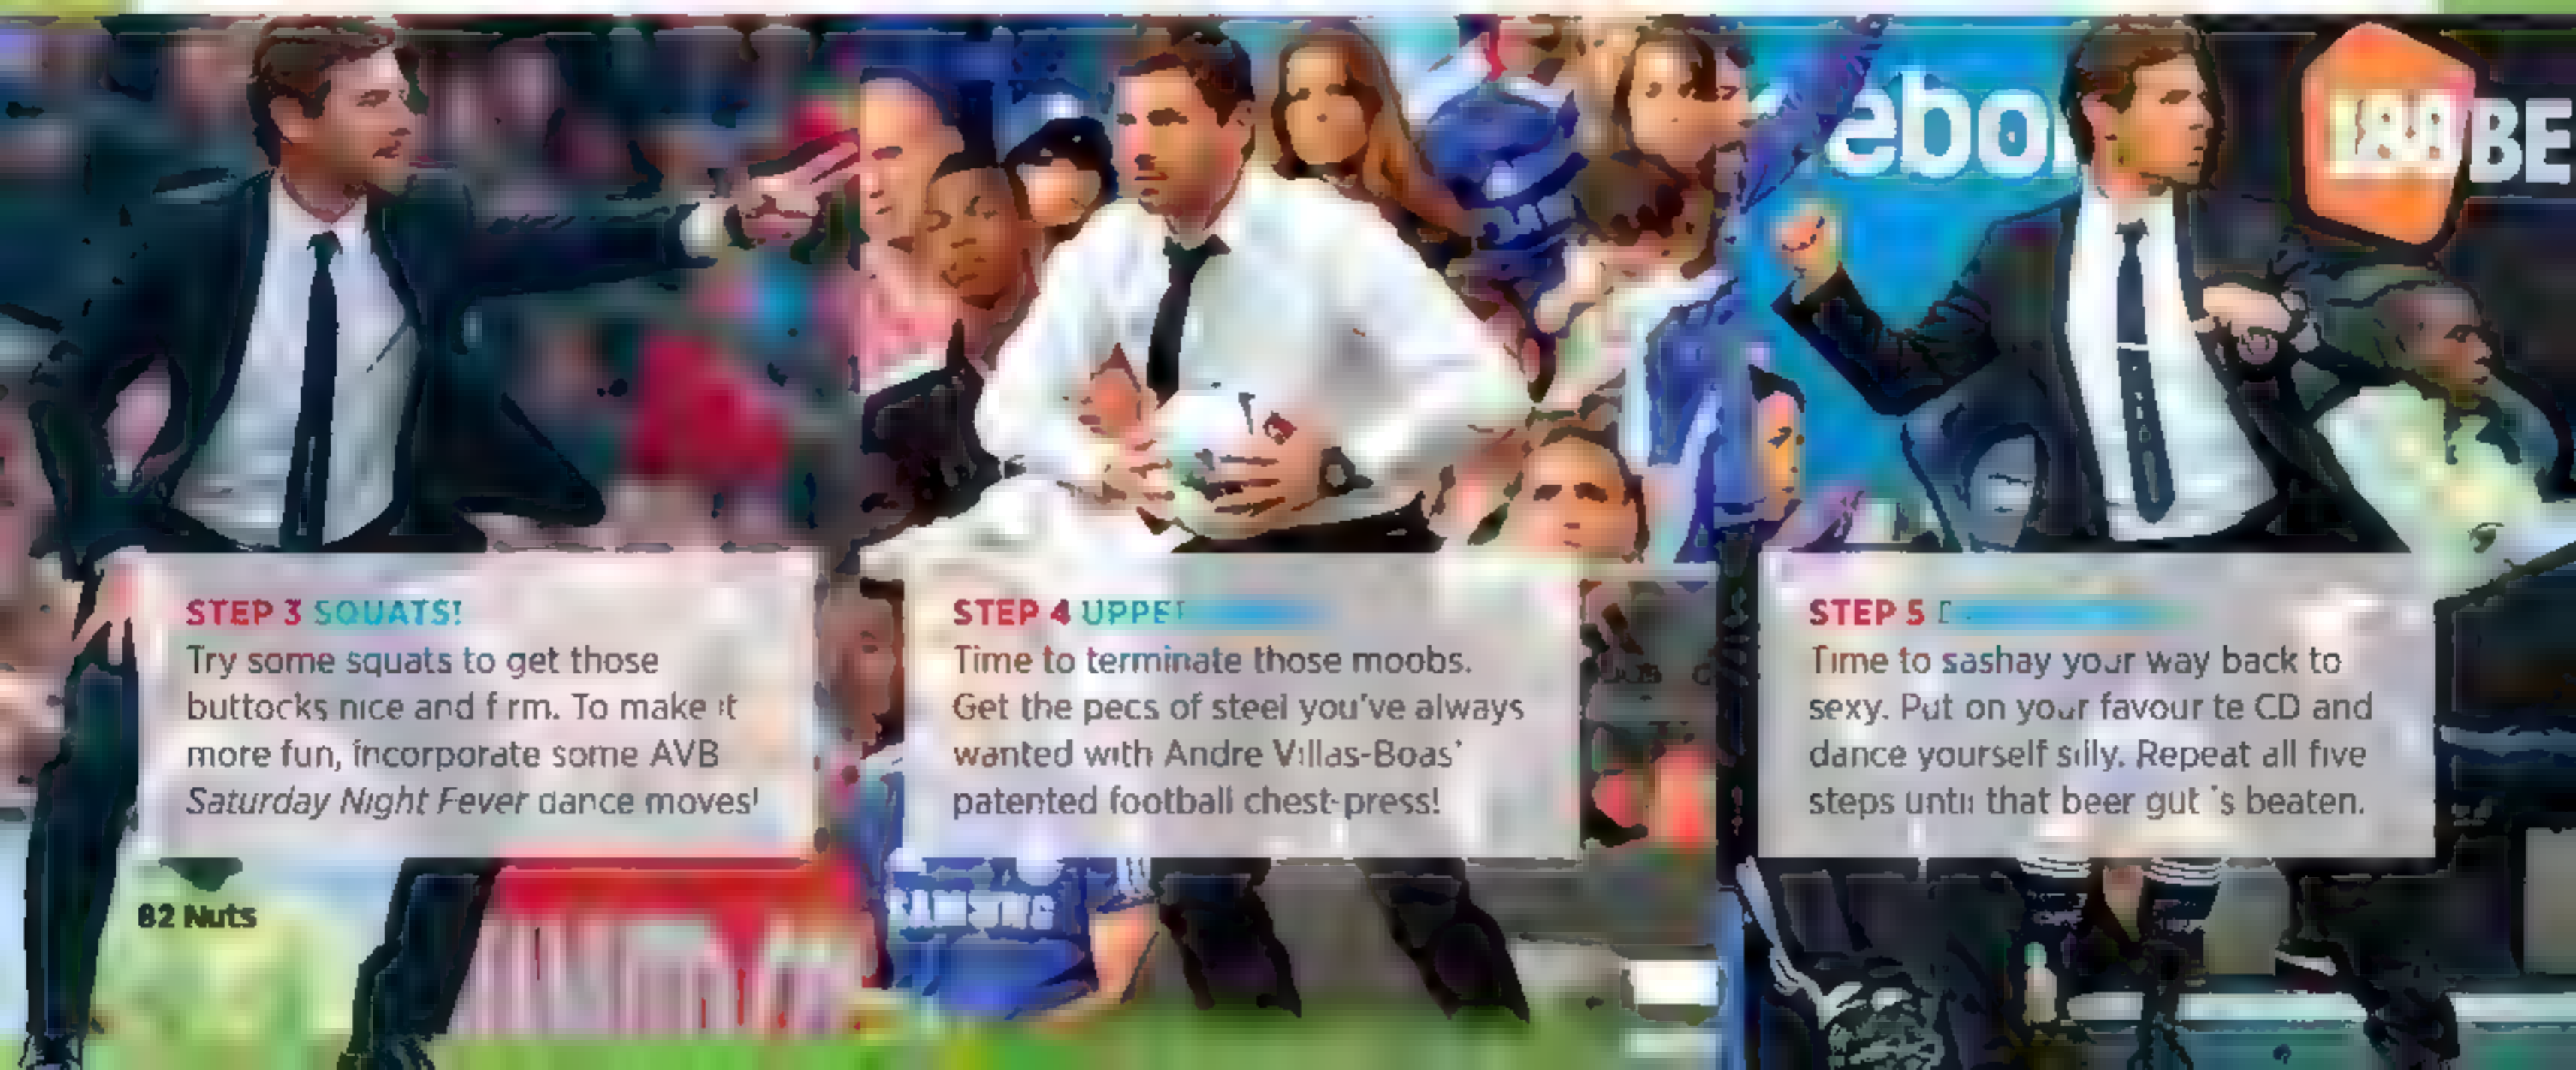

Get that heart rate going. Jump up and down on the spot to build up a sweat. Remember: get those arms high for extra elevation.

Get footy fit with Andre Villas-Boas!

Shed those post-Christmas pounds with the Chelsea manager's easy-to-follow five-step exercise plan!

EVERYONE OVER-INDULGES during the festive period. Too many eggnogs and turkey sarnies can leave you struggling to squeeze back into those skinny jeans. But fear not, Chelsea manager Andre Villas-Boas is here to help you dancercise your way back to full fitness with his five-step plan! Follow it and you'll relegate that gut in no time. Give us an A! Give us a V! Give us a B! See? Getting fit is as easy as AVB!

STEP 3 SQUATS!

Try some squats to get those buttocks nice and firm. To make it more fun, incorporate some AVB *Saturday Night Fever* dance moves!

STEP 4 UPPER!

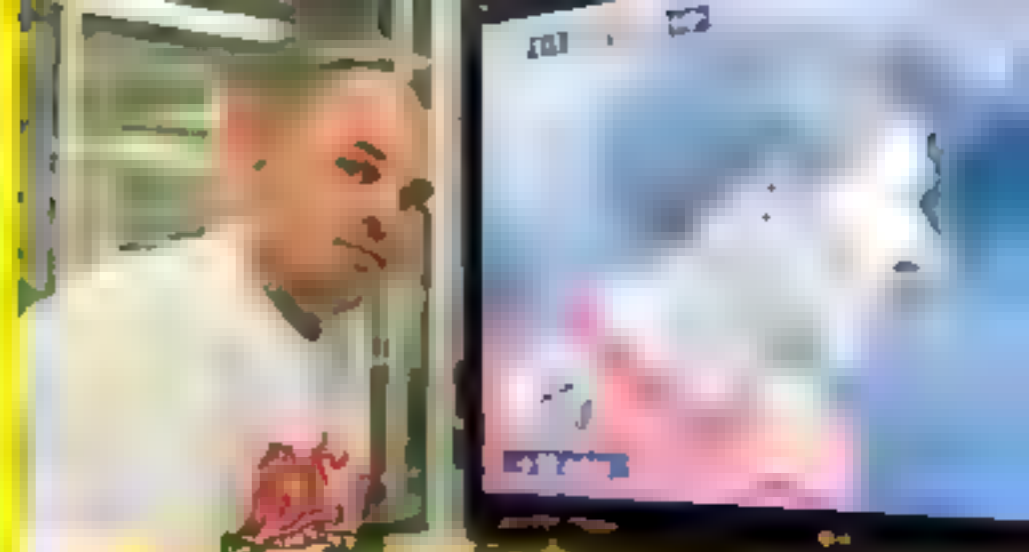

Time to terminate those moobs. Get the pecs of steel you've always wanted with Andre Villas-Boas' patented football chest-press!

STEP 5 DANCE!

Time to sashay your way back to sexy. Put on your favourite CD and dance yourself silly. Repeat all five steps until that beer gut's beaten.
